

PALI WINE CO | 2021 ROSE OF PINOT NOIR 'WILD SERIES'

ABOUT OUR 'WILD SERIES' ROSE OF PINOT NOIR

The best rosés are crisp, clean, and refreshing – a thirst quenching treat appropriate 365 days a year! It wasn't until we planted our estate vineyard in 2012 and received our first crop in 2015 that we were afforded the opportunity to make whole-cluster pressed rosé of Pinot Noir which is by far the superior method to make rosé. Today, our 'Wild Series' Rosé of Pinot Noir is made from sustainably farmed Pinot Noir grapes grown on Pali Vineyard in the Sta. Rita Hills in Santa Barbara County. The grapes for this wine were hand harvested and direct-pressed with minimal skin contact. This wine is fermented using wild, naturally occurring yeasts and without the use of conventional winemaking tools and additives throughout its élevage. It is fermented in small lots, slow and cool, and then aged in entirely neutral French oak barrels for 90 days using native, wild yeasts. This wine is unfinned and unfiltered and will naturally develop sediment.

WINEMAKER NOTES

Pearly pink with aromas of nectarine and rose petal bursts, paired with subtle strawberry, grassy freshness, and salty stone fruit.

ABOUT PALI WINE CO.

To craft world class, critically acclaimed, site-specific Pinot Noirs and Chardonnays.

Our original Pali brand produces premium Pinot Noir and Chardonnay sourced primarily from vineyards in the Sta. Rita Hills and neighboring wine-growing regions. The region's terroir, including its transverse ranges, limestone rich soils, and cool ocean fog, is ideal for growing Pali's poised Pinot Noir and Chardonnay wine grapes. Pali produces a wide-range of bottlings from entry-level to esoteric vineyard and clonal-specific, from still to sparkling, and from white to pink and red. While most of our grapes come from our Sta. Rita Hills estate 'Pali Vineyard,' Pali partners with a handful of other family-owned and world-renowned vineyards in the area among the likes of Fiddlestix, Rancho La Viña, and Bien Nacido Vineyards. Most recently, Pali has introduced its 'Wild Series,' natural wines made using only wild, naturally occurring yeasts that remain unfinned and unfiltered.
