

BLACKBOXSAFETY®

YOU NEED IT, WE DELIVER IT.

Capability Statement

blackboxsafety.com

Black Box Safety, Inc. was founded by Jackson J. Dalton in 2017 to maintain a safe, secure, and effective work environment for all. As an entrusted SDVOSB source of safety, tactical, industrial, and medical supplies, we combine extensive product expertise with a comprehension of the procurement challenges for large public and private entities. This approach forges long-standing partnerships that drive strategic and innovative product solutions for end-users. Moving forward in continuing its mission in securing worker's safety and protection, Black Box Safety plans to act on its values for Americans across the world.

Core Competencies

Supplier Relationships

We foster deep relationships with industry leading manufacturers, across core product verticals for the continued success of DOE and its prime contractors facilities.

Problem Solvers

We approach challenges strategically with our expert care and knowledge to provide for all of the DOE and their prime contractors needs.

Procurement Understanding

We effectively manage in securing the best sources with principal suppliers in our arsenal to provide all clients with their desired goods.

Customer Service

We provide the best service for our customers by making each experience simple and personalized for every client and partner our business works with.

Differentiators

Full E-Commerce PunchOut Capability

Our company provides full access to our suppliers' products in order for seamless purchases. That way your experience is easy and not restricted.

Inventory Management

To meet every need our customer desires, we manage our inventory constantly. That way we assure that the over thousands of products our company helps to supply are available and ready for purchase.

Featured Contract Vehicles

We hold a variety of contract vehicles at our disposal. Black Box Safety is an entrusted supplier for various needs from body armor to infection. With our grand arrangement of contract vehicles available, the purchasing process is simple and straightforward. By providing for local, state, including federal levels, our wide range of contract vehicles are able to aid your product purchases from small to large orders. With our group of contracts, we are ready to serve and provide for your safety supply needs.
