Material	PET Felt
Size	220 x 380 x 9 mm
Weight per set	2.1 kg
Reaction to fire classification	B-s1, d0

PET FELT SHINGLES HALF COVE

The playful lines of the Half Cove Shingles will spice up any interior. Inspired by the roof cladding, Shingles transform a familiar pattern into a unique wall design. Made from PET Felt, they offer an aesthetic and acoustic solution with endless custom possibilities. Combine the Half Cove shape with Round Shingles to double the design options.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch. Keep in mind that the panels have a nap direction on both sides. To avoid alterations in appearance, we advise to check the nap direction and mount the panels on the same side.
