- Mix & match, create your own pattern
- Sold in sets of 15 shingles

Material	PET Felt
Size	220 x 380 x 9 mm
Weight per set	2.33 kg
Reaction to fire classification	B-s1, d0

PET FELT SHINGLES SCALE

Create a unique wall design with PET Felt Shingles Scale. Inspired by the traditional roof cladding, the Scale pattern softens it with a gently rounded shape. Made from PET Felt, it offers an aesthetic and acoustic solution with endless custom possibilities. The overlapped placement of Shingles improves their sound-dampening effect.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch. Keep in mind that the panels have a nap direction on both sides. To avoid alterations in appearance, we advise to check the nap direction and mount the panels on the same side.
