- Sold in sets of 15 shingles

Material	PET Felt
Size	220 x 380 x 9 mm
Weight per set	2.18 kg
Reaction to fire classification	B-s1, d0

PET FELT SHINGLES TIP

Design a playful wall pattern with PET Felt Shingles. The pointy shape of Tip allows you to recreate a classic roof-inspired look fast and easy. Thanks to the open-cellular structure of PET Felt, Shingles demonstrate great sound-absorbing properties. This effect is also enhanced by the overlapped placement.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch. Keep in mind that the panels have a nap direction on both sides. To avoid alterations in appearance, we advise to check the nap direction and mount the panels on the same side.
