PET FELT HEXAGON DIAMOND TILES

With this large variant of the Diamond tiles, you quickly make rooms acoustically better. The geometric shape also allows you to create exciting patterns on walls and ceilings. Combine different colours and tiles to make a beautiful statement piece!

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the tiles come from the same batch.
