GLOSS

BULLET VIBRATOR CARE AND INSTRUCTION MANUAL

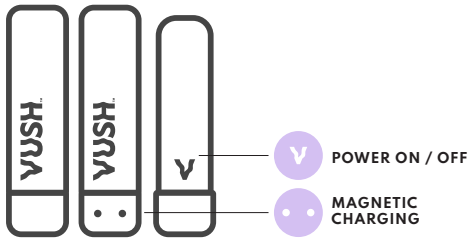

HEY BABE, COME HERE OFTEN?

Welcome to your self love journey! We're so excited to introduce you to your new pocket pal, Gloss!

Gloss is a pocket rocket sized bullet vibrator. Looks can be deceiving as this pint sized icon can tell you, with precision point vibes to give total control, it'll be hard not to fall in love!

Gloss comes with 10 vibration settings and runs whisper quiet. Gloss is designed for external use.

CHECK ME OUT

YOU'RE IN CHARGE

Before we can get down to the good stuff, your Gloss will need to charge for 2 hours. Your charger will be in the lid of the toy tube.

Insert the main USB plug into any USB port. Connect the charger with the charge port on your Gloss (those two fancy silver dots). You'll feel a slight pull and a click, followed by your Gloss LED light flashing to let you know it's charging (just above the **V**!). Catch up on that show you've been meaning to watch - it won't be long! The LED will stop flashing when your Gloss is ready to play.

For best performance, we recommend only charging your Gloss with the provided VUSH charger.

TURN ME ON

Charge Gloss for 2 hours to reach full charge. Hold down **V** for a few seconds to turn on. Press **V** to search through the 10 settings. Make some magic! Press and hold **V** to turn off.

PLEASURE TO MEET YOU

Settle in, get comfortable, and turn on your Gloss. Choose your fave starting setting. Gloss can be used to stimulate any area of your body that feels good. Position the pleasure point over your selected area and try different settings, and pressures to find how to best love yourself!

Lubrication:

If you'd like extra lubrication for your Gloss, you can apply as much as you need to the head of the bullet. It's important to only use water-based lubricants like VUSH Feelin' Myself Intimate Gel with your Gloss. Other oils, creams, or silicone-based lubricants can damage the high-grade silicone of your toy over time.

GOOD CLEAN FUN

Always clean your Gloss thoroughly before and after each use. It's waterproof, so simply wash with clean water and unscented soap, then rinse and refresh with Clean Queen Intimate Accessory Spray for additional protection. Pop Gloss back in its case once dry - ta da!

For those times when you need something quick and discreet (like when your roommate is using the bathroom for karaoke practice), you can also use a gentle wet wipe, like VUSH You Do You wipes.

Show your Gloss a little more love and care! Always store Gloss with its lid on, to avoid dust build up or damage from other materials, and to keep it safe from sunlight or other extreme heats.

SAFETY FIRST

Gloss is for adult use only. Keep out of reach of children. Those who may be pregnant, have a pacemaker, diabetes, phlebitis, thrombosis, or any other condition, should consult with a medical professional regarding the risk of blood clots before using any personal massage product.

Do not use on areas that have pre-existing injuries or on swollen skin. For some, excessive use of vibrating devices can cause temporary numbness and loss of sensitivity. If this happens, take a break and treat yourself to another self love practice.

If pain occurs please cease use immediately. Consult a doctor before use if you have any implanted devices, such as a pacemaker, or if you have had any form of surgery on the relevant body parts. VUSH assumes no responsibility for misuse or excessive use of this product. Always switch off after use.

DISPOSAL ADVICE

Dispose of according to your local regulations.

SPECS

PRODUCT SIZE: 90 x 25mm	POWER INPUT: 5V
MATERIAL: Medical grade silicone/ ABS Case	BATTERY TYPE: Flexible polymer lithium battery
PRODUCT WEIGHT: 49g	FREQUENCY: 10 modes
WATERPROOF: IPX7	BATTERY CAPACITY: 320mAh
CHARGE TIME: 120 minutes	WORKING CURRENT: ≤250MA
USE TIME: 60 minutes	MOTOR SPEED: 1000RPM ±10%
NOISE: Less than 50db	INTERFACE: Single button
LOW BATTERY WARNING	MAGNETIC CHARGING
