with a friend!

do the damn thing

it's got
to be done

self love isn't selfish

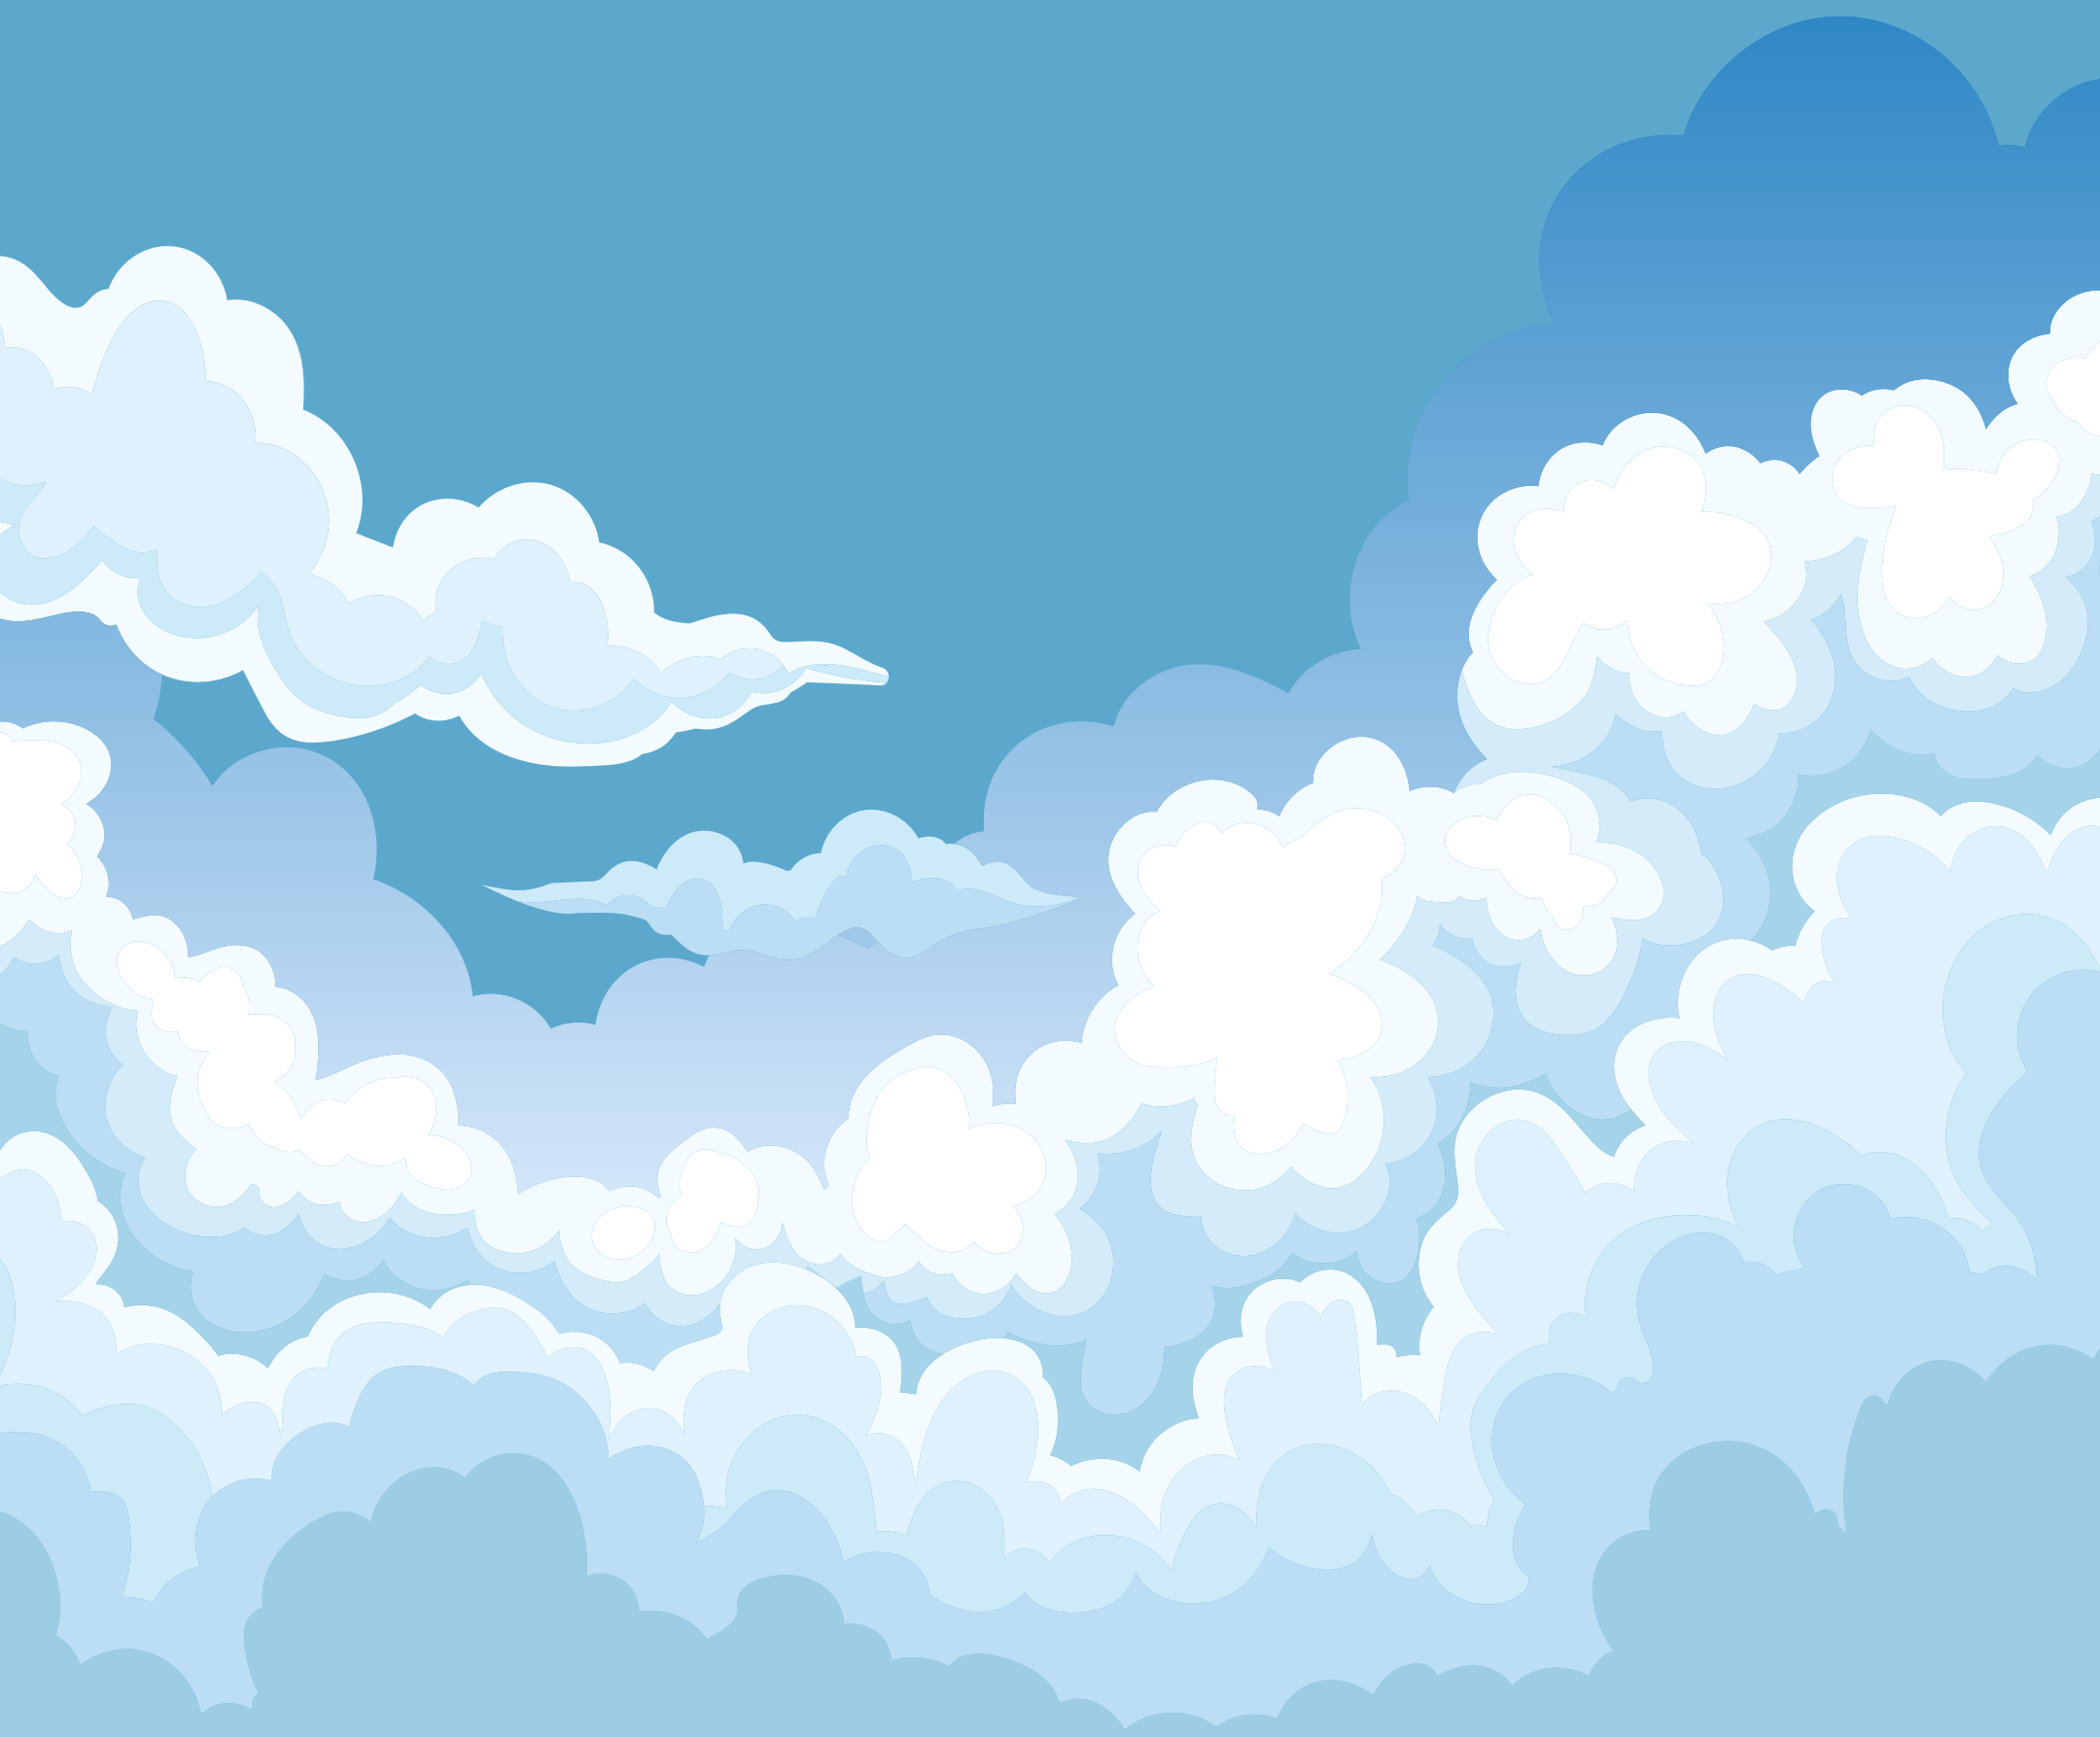

discipline.

fuck motivation

have a good day

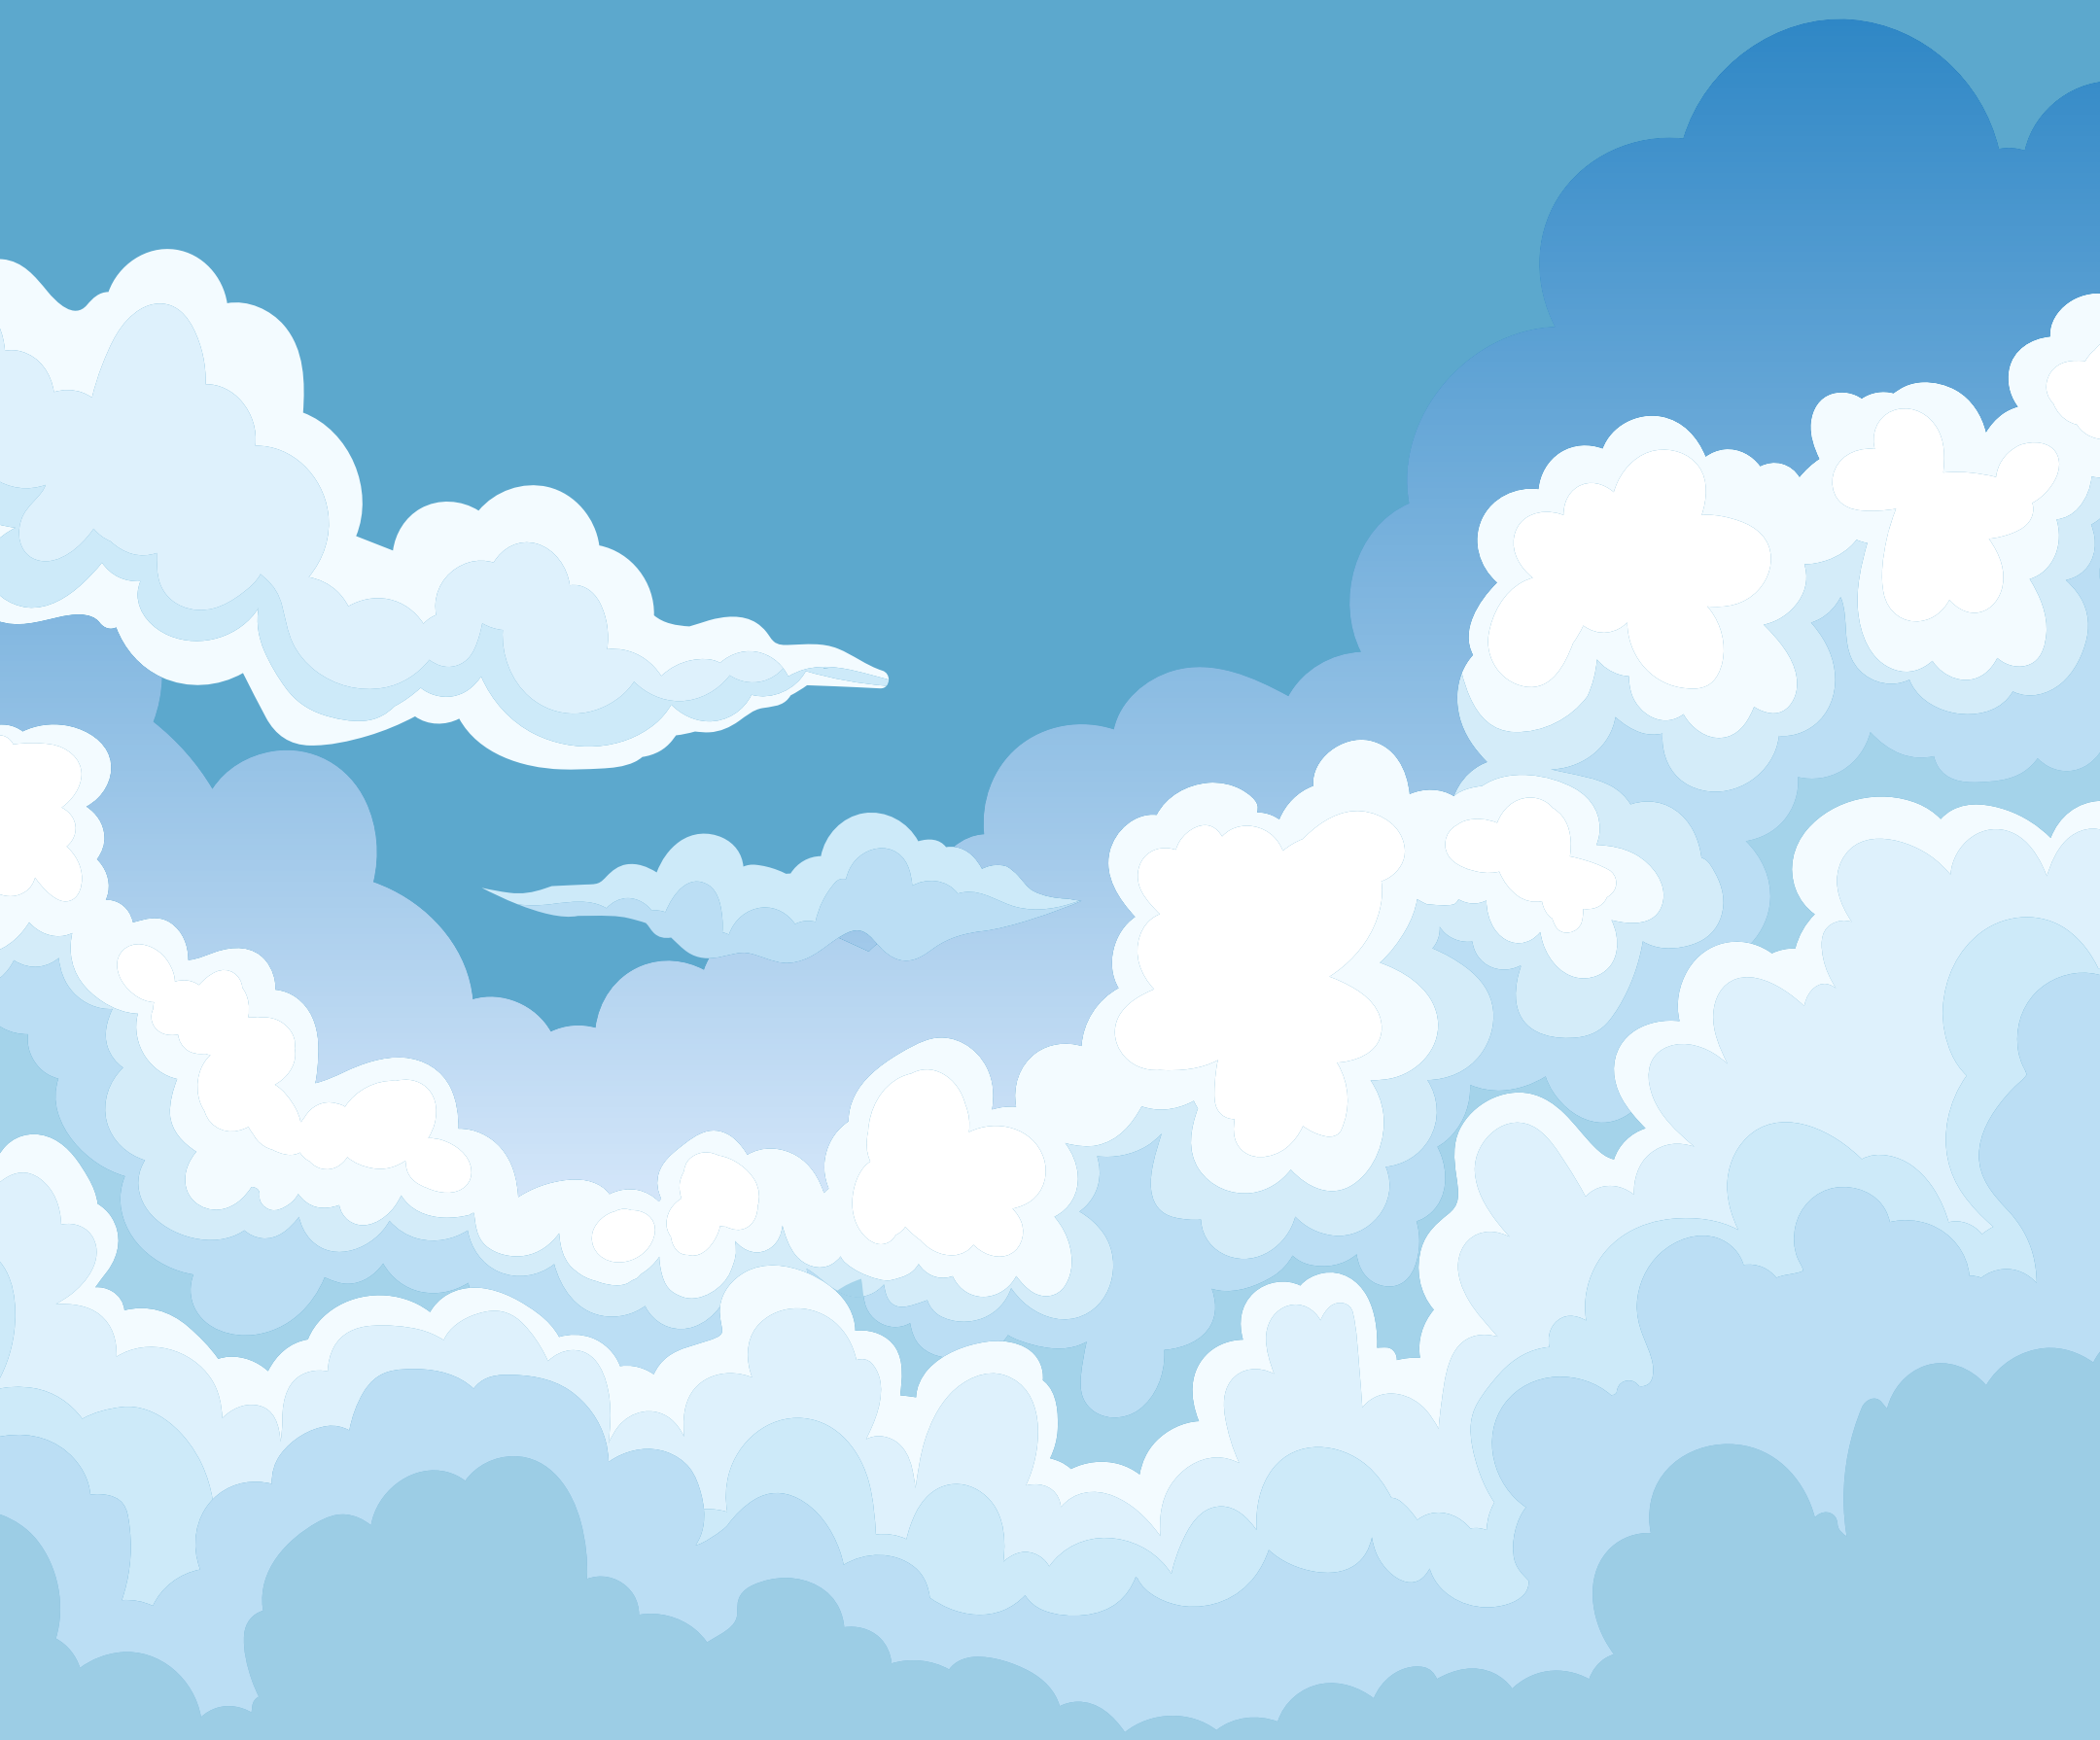

working...
on me

progress loading

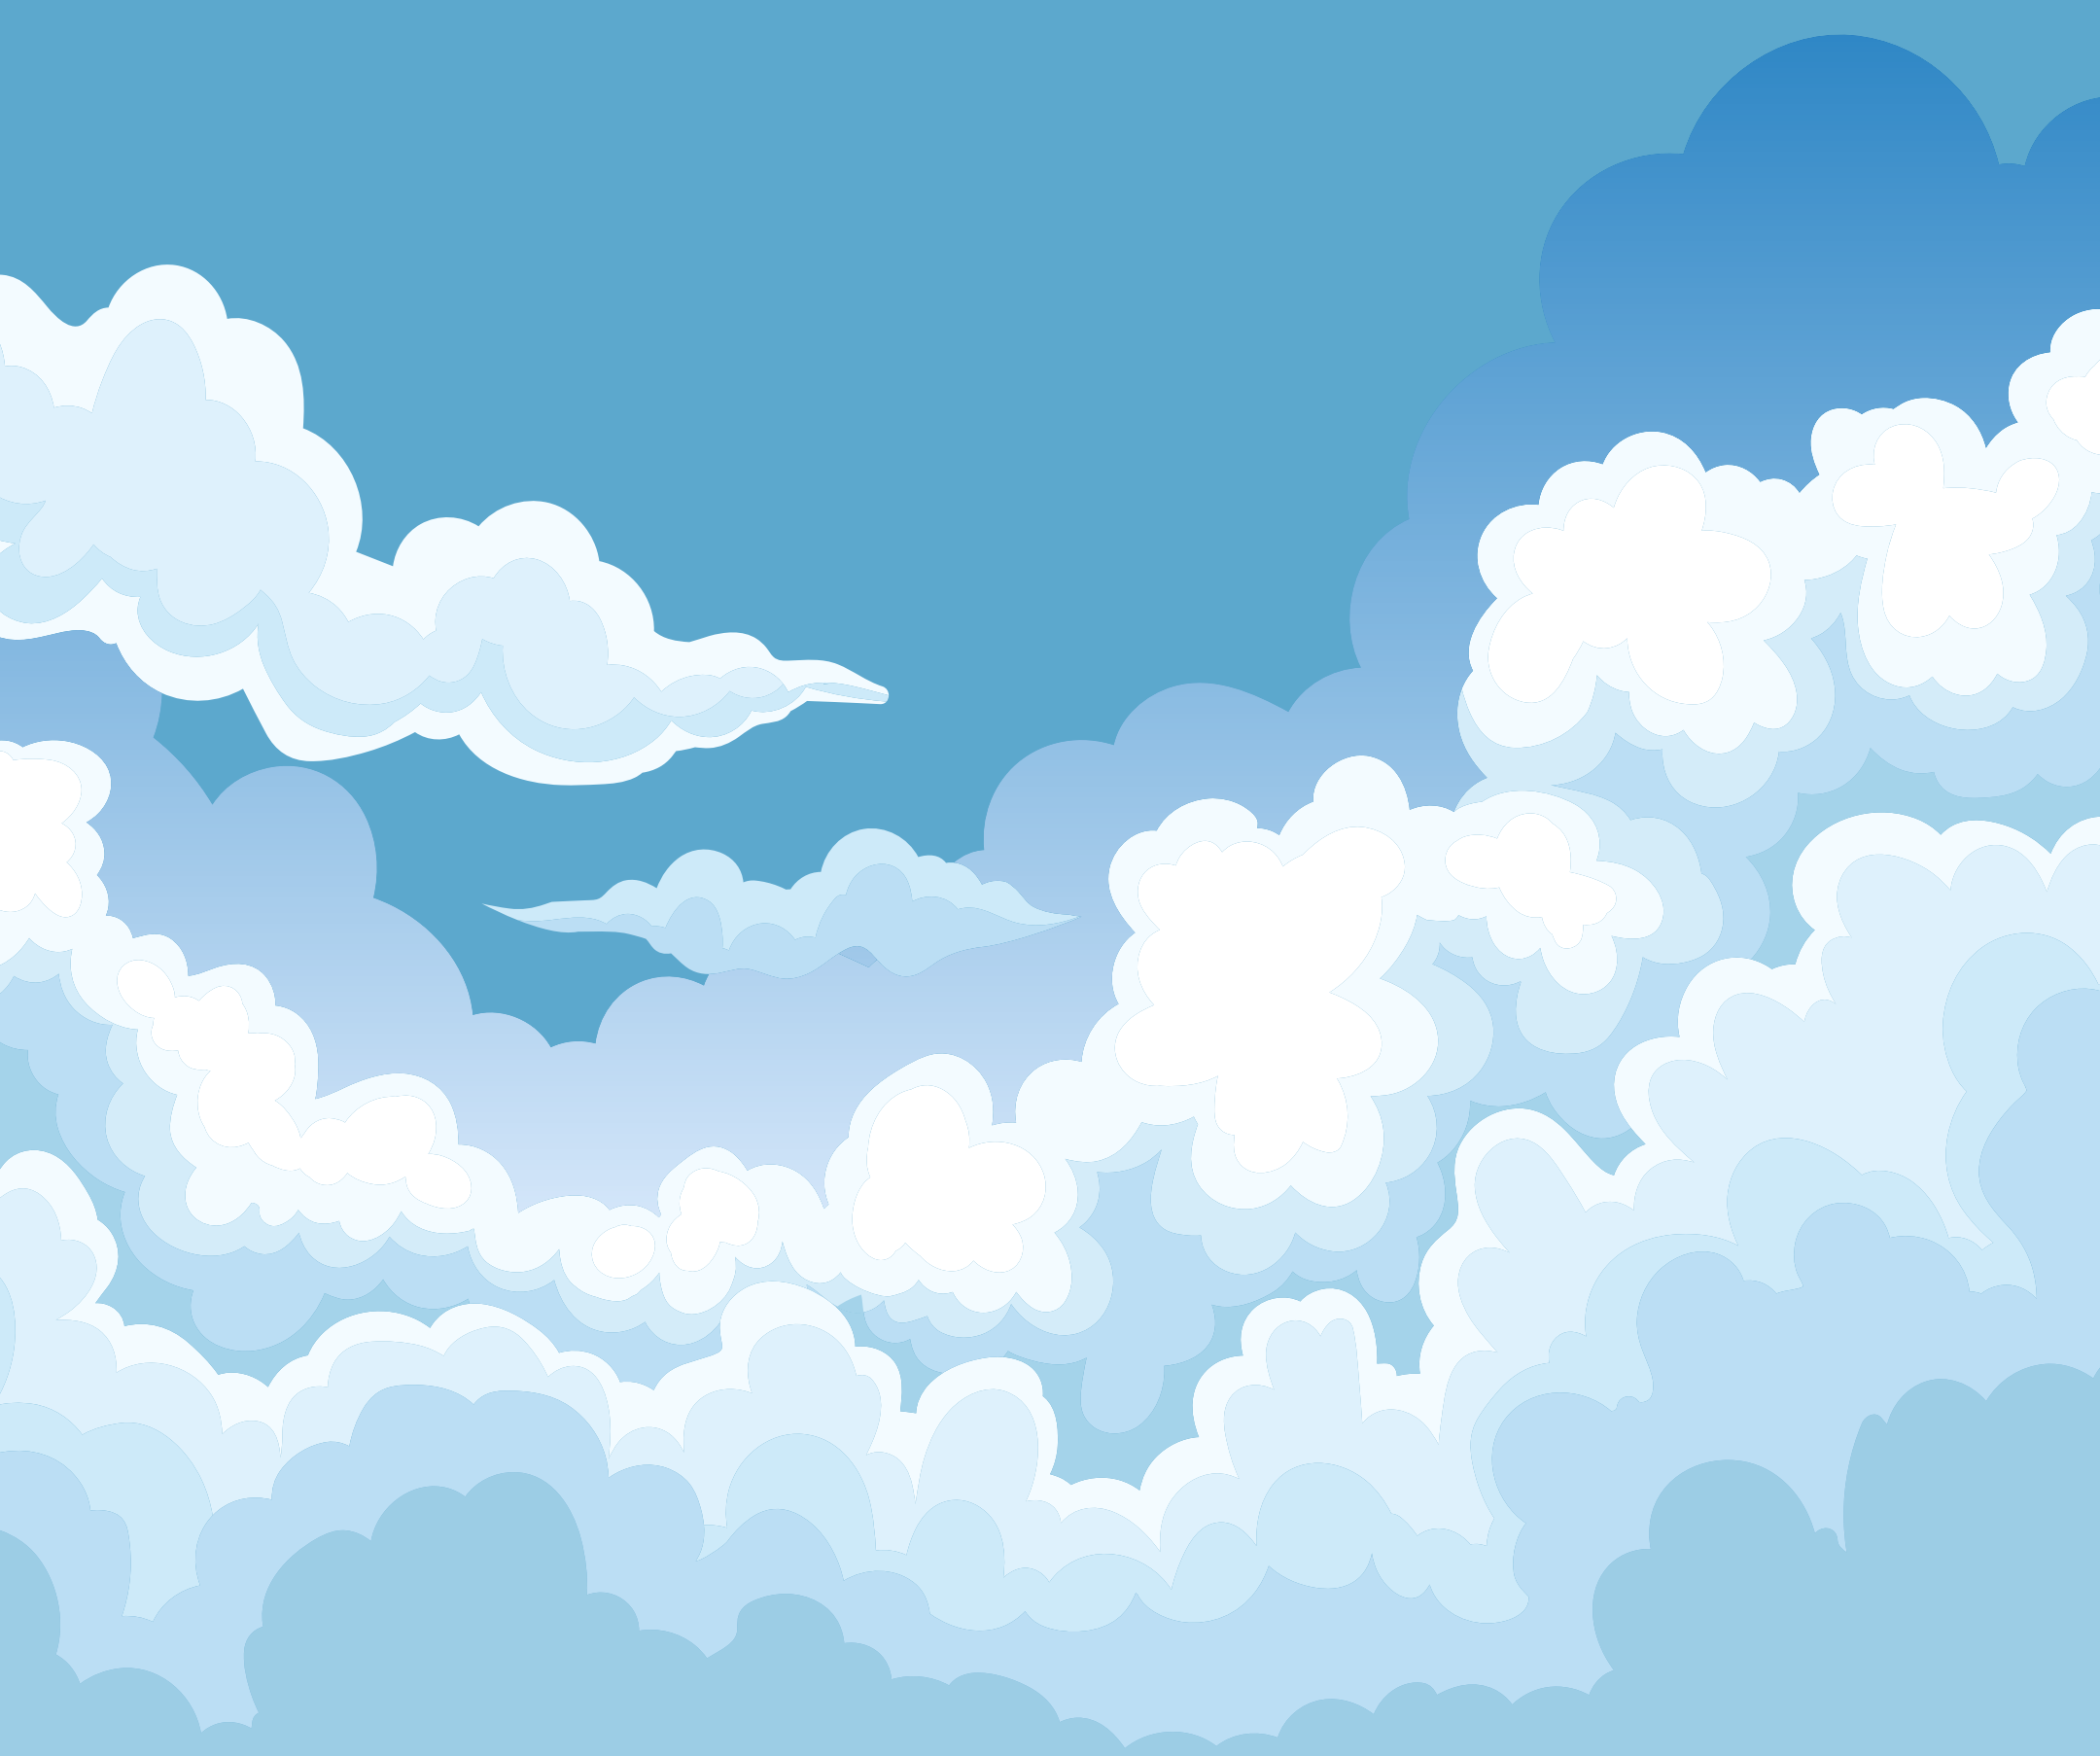

a bad day is still a luxury

hard ≠ impossible
**you
can
do it**

success thrives in consistency

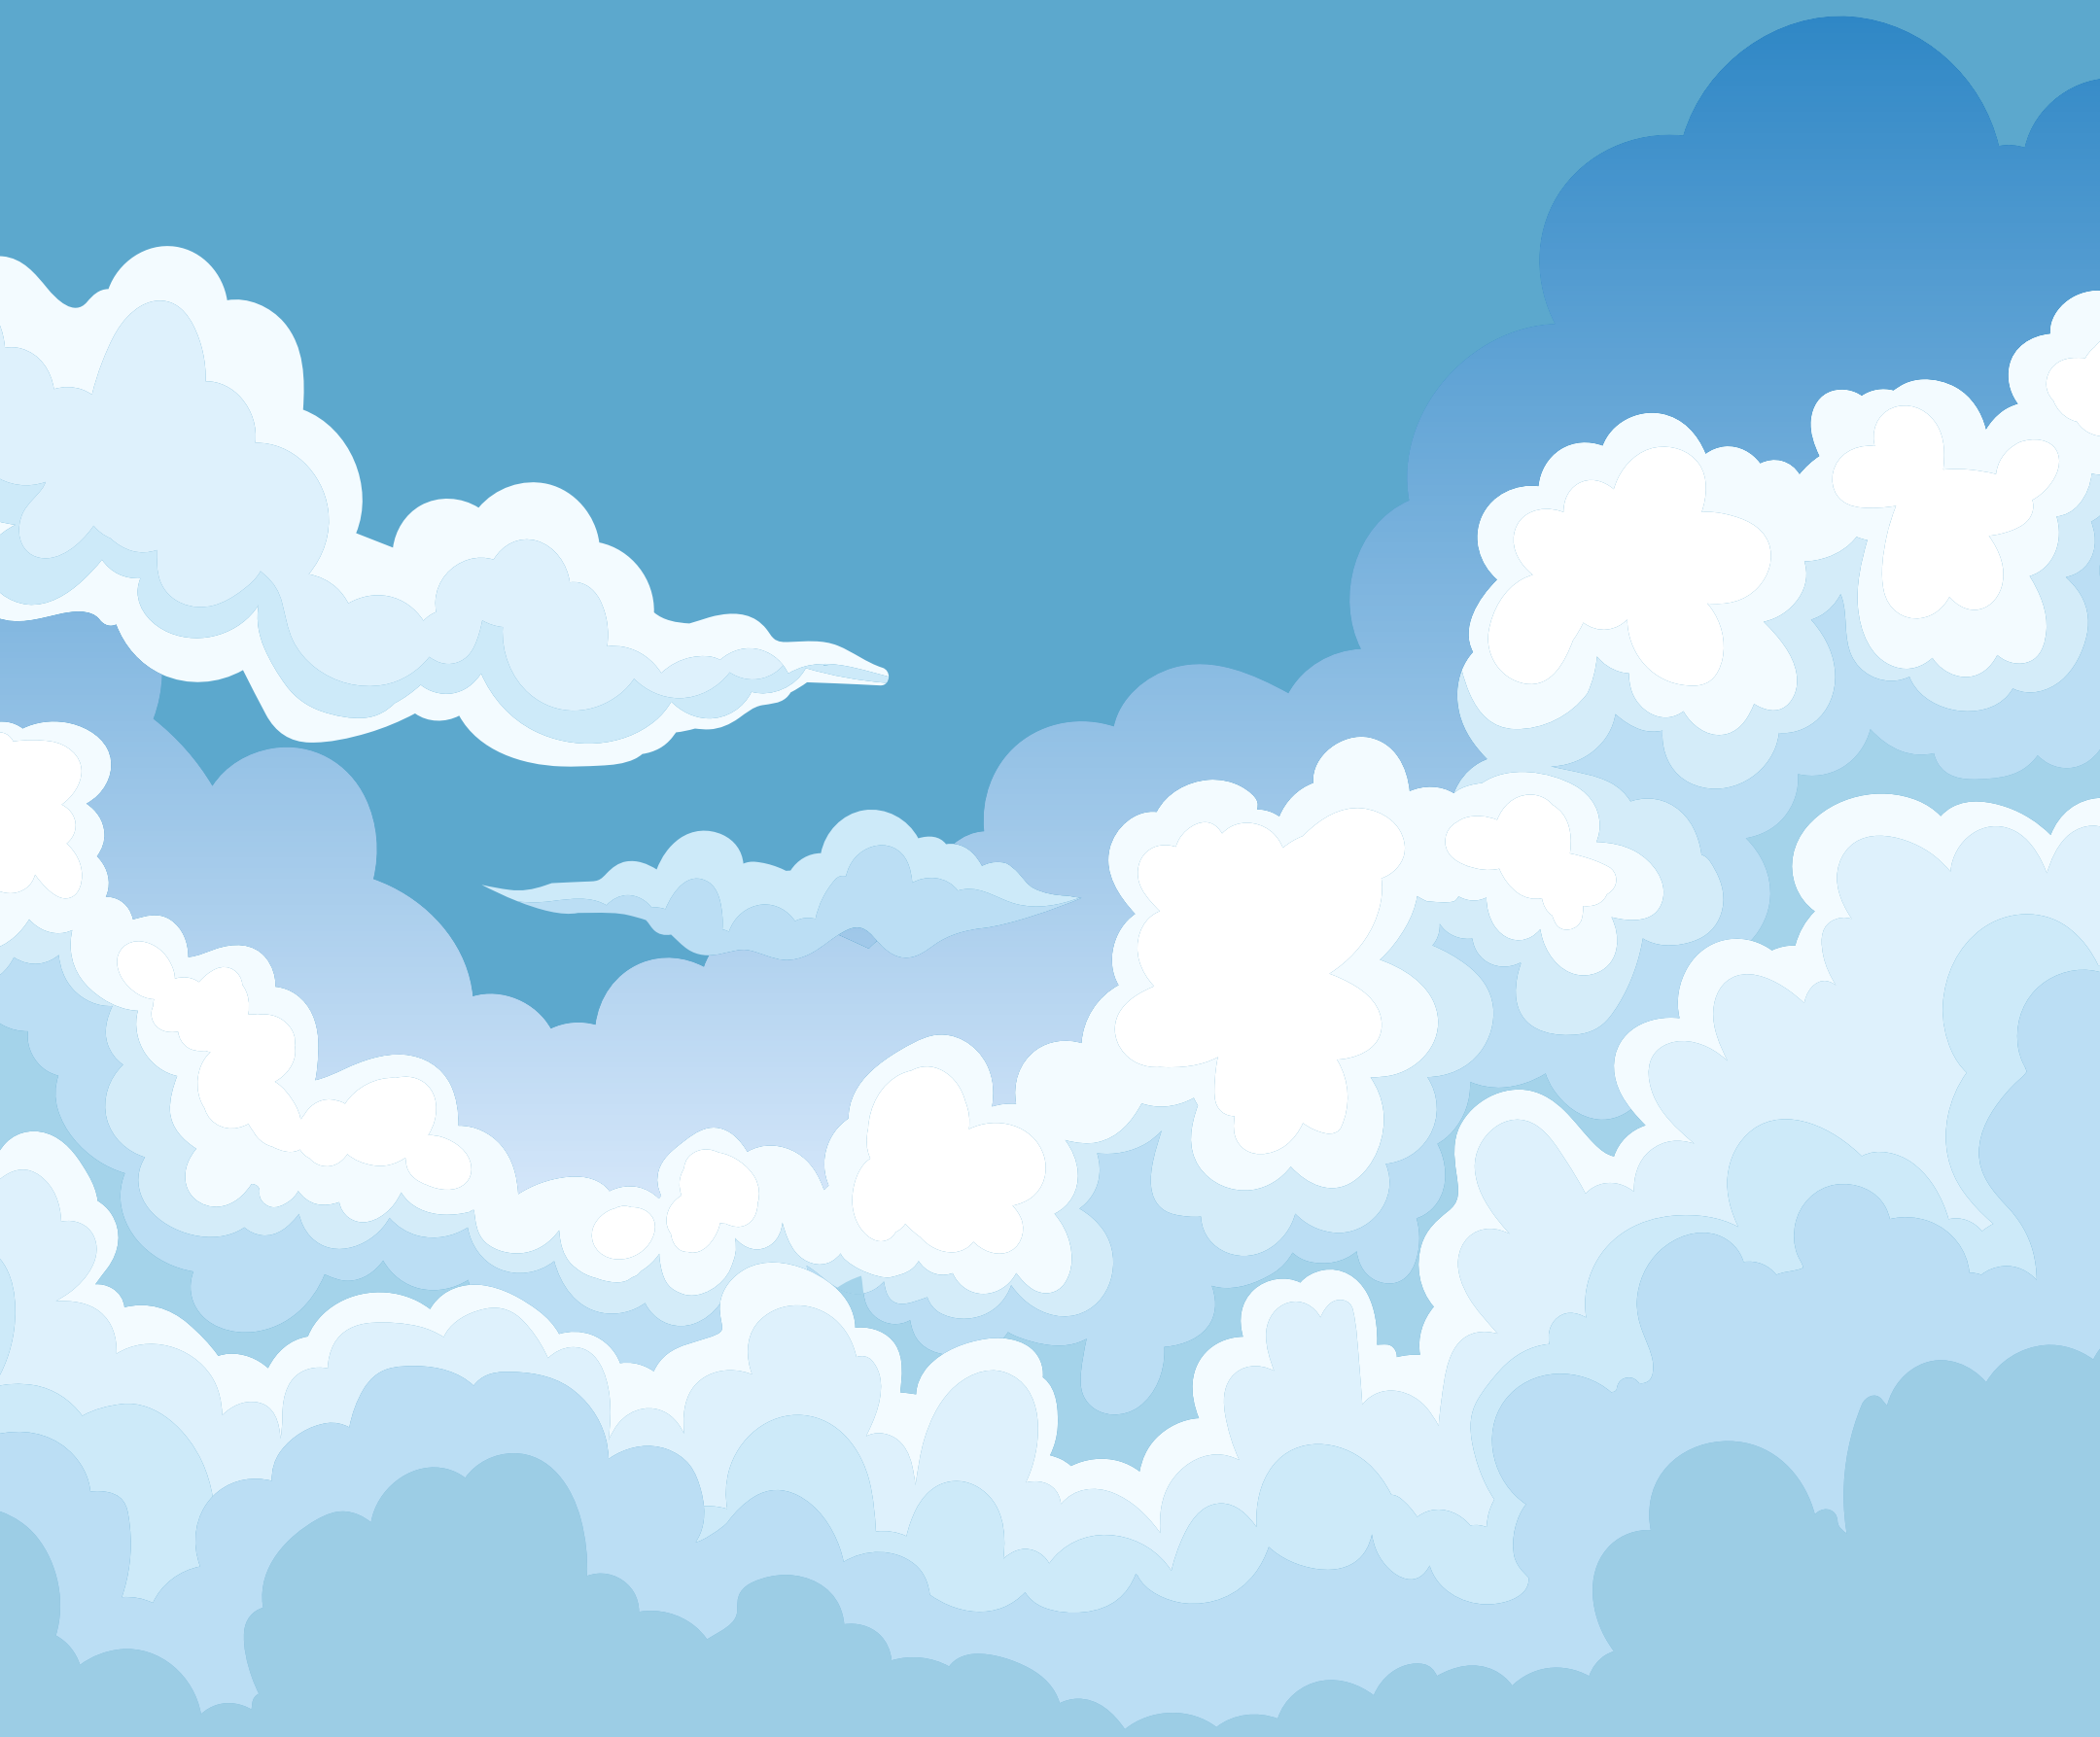

nobody
cares

work harder

work hard in silence. do it for you.

get shit
done

future you is waiting

step out of your comfort zone
