GAIN THE ADVANTAGE WITH INDUSTRIAL CAPACITY AND HIGH-END FEATURES.

The 5 HP spindle shapers will give you superb finishes with high-end features and precision-built quality only available from South Bend.

This machine has a digital readout for precise spindle speed and height adjustments, and a micro-adjustable fence with featherboards.

You'll get maximum support for large workpieces plus versatility with a solid 3 3/8" thick, 31 1/2" x 39 1/4" precision-ground cast-iron table that accepts cutters up to 7" in diameter.

Additional features include dual dust ports, an included miter gauge, a fully adjustable clear guard, and more.

Also available in a 3 HP model that runs on single-phase power. See SB1119.

Where quality and high output matter, choose South Bend for dependability, accuracy, and versatility—and watch your production soar!

BUILT TO TRUE SOUTH BEND HIGH-PRECISION INDUSTRIAL STANDARDS

The manual was written by our U.S. based Technical Documentation Department and is packed with useful information. The complete and easy to read manual provides full instructions on how to assemble and maintain your bandsaw.

The South Bend Customer Service and Technical Support Teams are U.S. based. Parts and accessories for the bandsaw are available on-line and shipped from the South Bend parts warehouse in Springfield, MO.

WARRANTY INFORMATION

South Bend Tool Company warrants every product it sells for a period of 2 years to the original purchaser from the date of purchase. We make every effort to ensure that our products meet high quality and durability standards so that you never need to use the warranty. Please feel free to write or call us if you have any questions about the machine or the manual.
