Certified to CSA & UL standards

A DELUXE METAL-CUTTING BANDSAW BUILT TO PERFORM.

The SB1122 9" x 12" 2 HP Metal-Cutting Bandsaw has the high-end features and precision components designed to meet your business's exacting standards.

You'll get absolute control with variable blade speed and hydraulically powered head with variable-speed downfeed and vise—both featuring an auto-retract function.

The swiveling head lets you cut angles from -45° to +60° with an adjustable work stop for repeat cuts in a production environment.

A built-in blade coolant system with blade brush improves cut accuracy and prolongs blade life.

With the hydraulic power and variable speed at your fingertips, plus the option for auto or manual controls, this versatile saw can help you boost production and quality like no other.

WHEN YOU INVEST IN SOUTH BEND TOOLS, YOU INVEST IN THE BEST.

The SB1122 manual was written by our U.S. based Technical Documentation Department and is packed with useful information.

South Bend tools come with a 2-year warranty which covers parts and assures the unit is free from factory defects.

The South Bend Customer Service and Technical Support Teams are U.S. based.

Parts and accessories for the bandsaw may be available online and shipped from the South Bend parts warehouse in Springfield, MO.

Made in an ISO 9001 factory.

WARRANTY INFORMATION

South Bend Tool Company warrants every product it sells for a period of 2 years to the original purchaser from the date of purchase. We make every effort to ensure that our products meet high quality and durability standards so that you never need to use the warranty. Please feel free to write or call us if you have any questions about the machine or the manual.
