1½ HP POWER AND VARIABLE-SPEED CONTROL FOR ALL YOUR GRINDING NEEDS

Made for industrial use, this superb-quality, 10" Variable-Speed Heavy-Duty Bench Grinder from South Bend has everything you need for safe and accurate grinding operations.

This grinder uses a rigorously tested, very high-quality 1½ HP motor and is built to true South Bend high-precision industrial standards.

Dial in your preferred wheel speed with the variable-speed dial. The spindle speed is displayed on the spindle speed digital readout.

It also features dual dust ports, dual eye shields, adjustable LED work light, and heavy-duty cast-iron construction for long-lasting durability.

BUILT TO TRUE SOUTH BEND HIGH-PRECISION INDUSTRIAL STANDARDS

The manual was written by our U.S. based Technical Documentation Department and is packed with useful information. The complete and easy to read manual provides full instructions on how to assemble and maintain your bandsaw.

The South Bend Customer Service and Technical Support Teams are U.S. based. Parts and accessories for the bandsaw are available on-line and shipped from the South Bend parts warehouse in Springfield, MO.

WARRANTY INFORMATION

South Bend Tool Company warrants every product it sells for a period of 2 years to the original purchaser from the date of purchase. We make every effort to ensure that our products meet high quality and durability standards so that you never need to use the warranty. Please feel free to write or call us if you have any questions about the machine or the manual.
