

DESKTOP MICROPHONE | CAS-1Z

## DESKTOP CONDENSER MICROPHONE

ALHAAN

The CAS-1Z Desktop Condenser Microphone is a high-quality microphone designed for professional audio recording and broadcasting purposes. It offers exceptional sound capture capabilities and is suitable for various applications such as podcasting, voiceovers, studio recording, gaming, and conference calls.

The microphone features a condenser element, which provides a wide frequency response and excellent sensitivity to capture nuanced and detailed sound. This makes it ideal for capturing vocals and instruments with clarity and accuracy.

### FEATURES:

- ▶ Fashionable outlook
- ▶ Red LED indicator
