## OUTDOOR COLUMN SPEAKER 30W/60W

ALHAAN

The CWS-30E/60E is a 30W/60W Outdoor Column Speaker. It is a sleek and linear product which has a perfect amalgamation of innovative acoustics and easy mounting and installation process. It can be used in small and medium outdoor environments like shopping centers, parks, parking lots, theme parks, restaurants and cafes for background music and broadcast paging. This model covers a large listening area with uniform distribution of sound. Its thick shape and scratch resistant built can withstand heavy damage while facilitating connection with multiple loudspeakers over long distances.

### FEATURES:

- ▶ Waterproof design for outdoor application
- ▶ Speaker net cover ensures dust-proof and anti-pollution
- ▶ Durable and stainless Aluminum alloy box
- ▶ Power adjustable with Power Tag
- ▶ Small size and elegant outlook, suitable for various places
- ▶ Equipped with multifunctional bracket for easy installation
