

PENDANT SPEAKER | PS-10W

5 INCH 10W PENDANT SPEAKER

ALHAAN

The PS-10W Pendant speakers are generally used in open ceiling spaces where it is difficult to mount regular ceiling speakers. Such speakers are designed to easily blend in with different architectural design in various environments as well as buildings with high ceilings such as hypermarkets. Besides its pleasant shape and look, this speaker is also efficient in speech and music reproduction, with guaranteed longer operating life and minimal chance of deterioration in performance due to the quality of the materials used in production. This model comes with an attachment cord which makes it easy to attach to surfaces without compromising on the look and design of the room.

FEATURES:

- ▶ Pendant speaker for the application without a false ceiling
- ▶ Stylish and powerful
- ▶ With 10W transformer
