

MICROPHONE | WLH-410

WIRELESS HANDHELD MICROPHONES (SET OF 4)

ALHAAN

The WLH-410 Wireless Handheld Microphones (Set of 4) is designed for public announcements in conference centers, hotels, shops, restaurants, schools, etc. These microphones are powered by rechargeable batteries which enable up to 12 hours of continuous usage, thus making it cost effective. The simple operation and fast set up make it perfect for usage in flexible spaces and upgrading existing environments and structures where cabling is not easily possible. With its compact and lightweight body as well as the freedom to move while speaking, gives one the room to focus and amplify their voice to deliver or record lectures with superior sound quality.

FEATURES:

- ▶ UHF600-699Mhz, Avoiding the frequency jamming
- ▶ The microphone getting circuit of noticing low power to remind changing the battery.
- ▶ Getting function of restraining and reducing the feedback
- ▶ Receiver use the multilevel high frequency amplify with high sensitivity
- ▶ Working Distance: 30M-80M
- ▶ Using LD Pilot Frequency Locking Technology. Available to using same frequency with no disturbing.
- ▶ Suitable for stage performance, meeting room, KTV and so on

TECHNICAL SPECIFICATIONS

MODEL	WLH-410
Frequency range:	UHF600-699MHz
Modulation type:	Broad FM
Adjusted Range:	25MHz
Channels:	4x50
Channel spacing:	500KHz
Frequency stability:	within $\pm 0.005\%$
Dynamic range:	100dB
Max offset frequency	$\pm 45\text{KHz}$
Audio response:	80Hz-18KHz($\pm 3\text{dB}$)
Total S/N:	$> 105\text{dB}$
Total distortion:	$\leq 0.5\%$
Working temperature:	$-10^{\circ}\text{C} \sim 50^{\circ}\text{C}$
