Charging Station Safety Sheet

tonies® 2021

Boxine US Inc.
3000 El Camino Real
Palo Alto, CA 94306
Made in China

Please read this information carefully and keep it in a safe place.

Safety Instructions

- The power adaptor is not a toy and should only be used by adults.
- The power adaptor must be kept out of reach of children.
- The power adaptor may only be used with the Toniebox.
- Improper use or misuse of the power adaptor may lead to electric shock.
- The cable, plug and housing must be regularly checked for damage.
- In case of damage, the power adaptor must be repaired professionally before it can be reused.
- The power adaptor must be kept away from heat sources.
- For devices with a plug connection, the socket must be near the device in an easily accessible location.
- The charging station is a purely passive component that is only used to insert the charging plug from the power supply unit.
- EC Declaration of Conformity Boxine GmbH hereby declares that the starter set complies with the basic requirements and relevant provisions of Directive 2014/35/EU. You can consult the Declaration of Conformity at www.tonies.de/konformitaetserklaerung

Care Instructions

- Disconnect the power supply from the mains before cleaning.
- Do not place the power supply in liquid.
- Please do not use solvents, chlorides or chemical solutions to clean the device.

Waste Disposal

tonies® products are designed and manufactured with high-quality materials and components that are recyclable and reusable. This symbol means that electrical and electronic products must be disposed of separately from household waste at the end of their useful life. Please follow the applicable recycling regulations in your country when disposing of your old device and do your part to preserve the environment in which we live.
