

Fogger™ Odor Eliminator instructions

Directions:

Burst spray aerosol (**white cap**) can be sprayed for quick odor elimination. Such as in kitchen, bathroom, etc. Only one or two bursts are needed for most applications. For deodorizing an entire room (up to 3,200 cubic ft.) Use in fogger mode.

Fogger Directions: (Gray cap)

1. Shake well; place the can in a central location within the area being treated. Press down on the actuator into the lock position and quickly exit. Close windows and doors.
2. After the product has fully dispersed, keep doors and windows closed for 1 hour. For best results, allow longer wait times.
3. Open windows and allow the area to ventilate for at least 30 minutes. Treatment complete!
