

SO WATT

Butch Shelves

Designed + Made by So Watt

Born of a custom commission from a client with a very tidy garage, these birch plywood shelves are definitely strong. The top shelf sits at a comfortable height to use as a standing bench and the shelves are deep enough to accommodate large storage boxes.

Of course we encourage plenty of other uses for these birch plywood shelves, such as a plinth style rack in the Centre of a store or as double sided partition shelving in an office space.

- 12mm Birch plywood.
- Welded angle steel.
- Removable ply shelves.
- Finished in durable osmo wood wax.
- Our pieces are hand made to order. Custom sizes are available.
