Ship common carrier required lift gate on residential delivery.

ASSEMBLY MADE EASY

The assembly is simple, clean, safe and can be completed in one to four hours with two people. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood, or concrete, the size of the desired building. In addition you will need a power drill, measuring tape, pliers and a ladder.

✓ Checklist Prior to StoreAll Purchase

- Check with your local city hall for building ordinances & CCR's
- Be sure that intended placement of shed is within your property lines
- Do not build shed over utility lines (gas, electrical, water, telephone, cable, etc)
- Measure the size of the intended shed site and make sure you have a level wooden or concrete foundation.
