

# Hot Dog Roller Grill Instructions

## Operation

1. Place hot dogs on rollers.
2. Turn heat to designated temperature. The left knob controls the heat of one set of five (5) rollers and the right knob controls the other set of five (5) rollers.
3. For low heat, set both knobs to low.
4. For high capacity, set both knobs to medium or high.

**\*\*\* Remove all food from the machine before returning or storing. \*\*\***

**\*\*\* Do not immerse equipment in water. \*\*\***
