## WALKABOUT WELLBEING ACTIVITY CARDS

**Winner: Student Resource category in the 2023 Educational Australian Publishing Awards**

The ancient practices of our First Nations people have powerful applications today in regard to skills and wellbeing. For many students, a connection to nature is an alien concept!

The 'walkabout' can take many forms:

- mental health and wellbeing,
- life skills in an outdoor environment,
- self-esteem improvement by challenges,
- learning about science and Nature.

### About the author/illustrator:

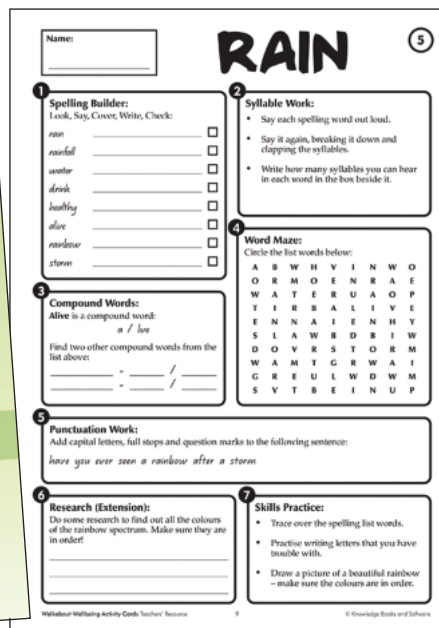

Trevor Fourmile is a Yidinji man from Far North Queensland. Trevor's art and use of traditional Yidinji terms allows for further perspectives around language and culture.

The **Teachers' Resource** for the **Walkabout Wellbeing Activity Cards** has been designed to help students engage in deeper learning opportunities that link with each of the cards. Each card is supported by two full pages of activities which include:

- Spelling and vocabulary development/practice
- Grammar and punctuation work
- Word study and dictionary work
- Oral language opportunities
- Handwriting/fine motor skills practice
- Comprehension and reading fluency
- Critical and visual literacy opportunities

Oral language continues to be a focus with this guide with activities that encourage students to express their ideas and thoughts through speaking, writing, and artwork. This fosters deeper learning, increased understanding, and improved self-awareness.

Various **ACARA F-10 References** are also addressed, however, the primary purpose is to continually develop literacy skills and oral language opportunities within the context of Indigenous Perspectives.

## YARN CIRCLES WELLBEING CARDS

Set includes 30 Cards + Teachers' Resource

Yarn Circles Wellbeing Cards have been designed to provide opportunities for students to talk about their feelings, emotions, thoughts and ideas in a safe, positive and collaborative environment. This process reflects the traditional Yarn Circles time that was such an important part of the culture of our First Nations' people. We see it as an extremely important ancient practice that is now fulfilling a very modern need.

"...I just wanted to reach out and say thankyou, they are a great resource that we have been using weekly in our classroom as a wellbeing tool. It has promoted great discussion and has enabled us to dive deeper into the meaning of the words on the cards. The kids thoroughly enjoy sharing their opinions and look forward to our weekly yarn circle."

### Curriculum information:

**ACARA F-10 General Capabilities** supported by these cards: Personal and Social Capability; Literacy (interpret and use language confidently for learning and communicating); Aboriginal and Torres Strait Islander Cross Curriculum Priority (diversity of language, ways of life and experiences).

Yarn Circles Wellbeing Cards will provide opportunities for students to express themselves through oral language and therefore increasing the learning experiences. The activities are designed to help you draw on students' prior knowledge, circumstances, imagination, visual, aural, oral and written capacity to bring about increased understanding, acceptance, empathy, self awareness, self-worth and the opportunity for positive change.
