EN

We are **organic farmers and processors** who have been working since 1978 to produce delicious food, the result of farming practices that respect the land and its fertility.

We bring together more than 1.000 farmers in Italy and over 10.000 small family-run farms in Central and South America. For more than 40 years we have been choosing organic farming, nurturing the delicate balance between our Planet and its Inhabitants: this is why we have decided to produce food which are good for both. Products made from ingredients grown without the use of synthetic chemicals, thanks to state-of-the-art agronomic capacities, with utmost respect for the land and the people who cultivate it. Products processed with techniques which protect and exalt the characteristics of our ingredients, also thanks to ingredient lists which are always short and simple, free from preservatives and additives.

We propose simple and daily products, which haven't forgotten the taste, the pleasure of gathering around the same table and to be shared. Today we have about 400 products: pasta, rice, tomato purée and pulp, vegetables, legumes and puréed soups, biscuits and fruit juices, spreads and honey, plant-based beverages, baby food for infants and a range of organic Fairtrade products sourced from Latin America and India: coffee, chocolate, cocoa, cane sugar, basmati rice and tea. Additionally there is the range of fresh and chilled food, including, fruit, vegetables and soups, along with the frozen products range.

ORGANIC INGREDIENTS FROM THE BEST ITALIAN REGIONS

Alce Nero is a company made up of producers and processors, many of whom are members, involved at every stage of production, from the selection of the most suitable varieties of cultivation, to techniques for sustainable agriculture, to the processing of raw materials that retain their natural characteristics. We focus on local productions, the land, the environment: these deep commitments are the engine of our growth.

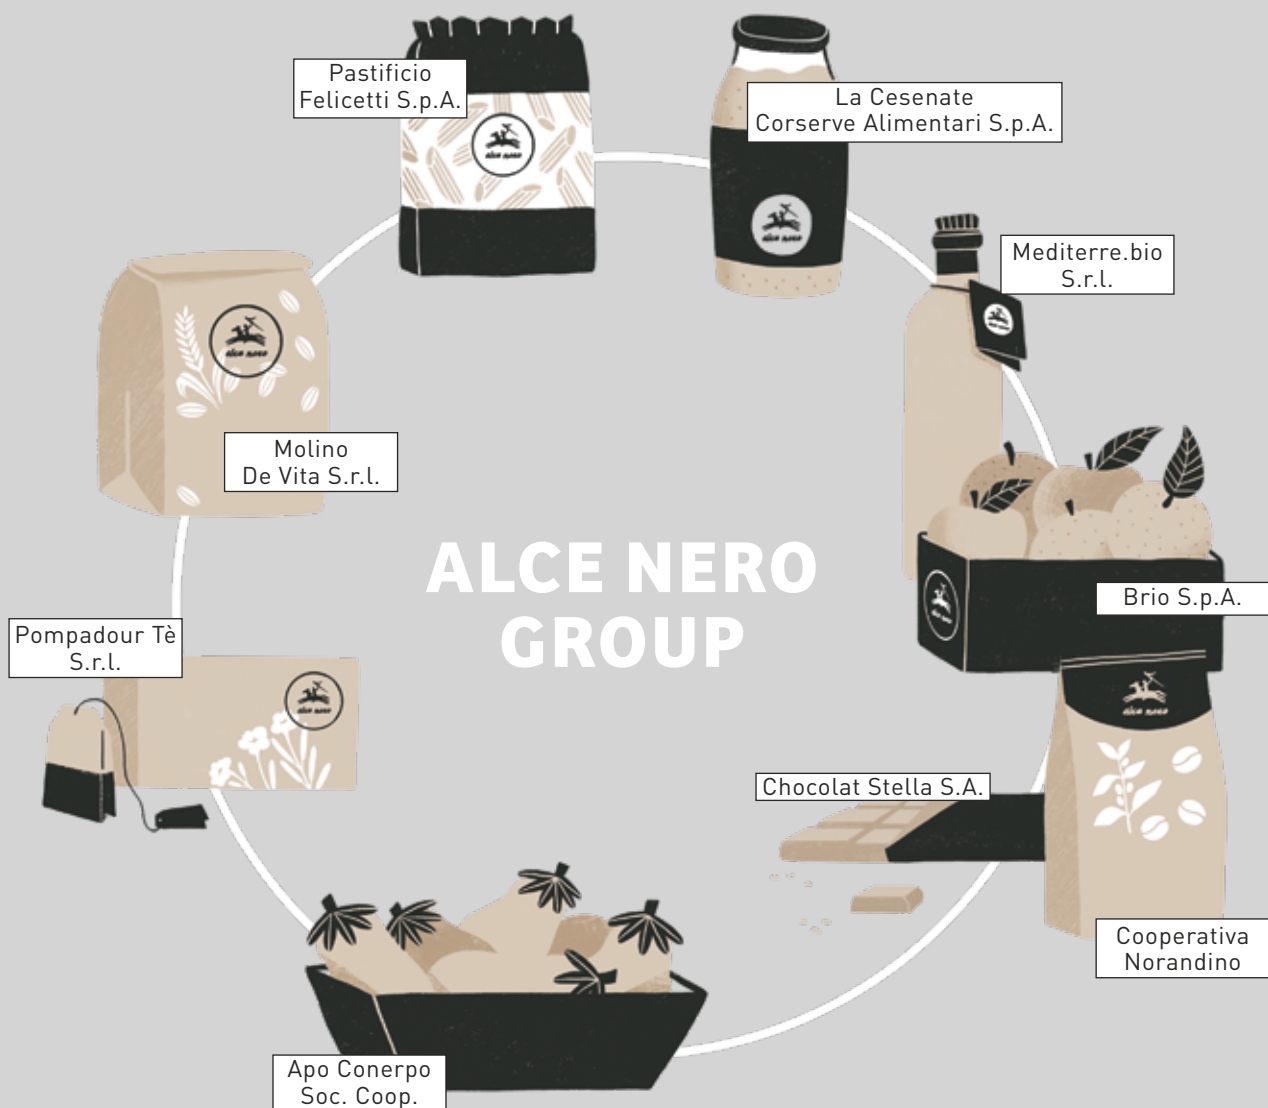

Our main ingredients are cultivated in the best agricultural areas of Italy: durum wheat grows in the regions of southern and central Italy, tomatoes in the Emilia Romagna and Tuscany regions, extra virgin olive oil from Apulia region. Fruit orchards are situated in the best areas suitable for production in Emilia Romagna and Tuscany and honey is being collected by beekeepers in various regions and seasons.

ALCE NERO SHAREHOLDERS OUR UNIQUE BUSINESS MODEL

Alce Nero is a company of 97 people, with a turnover of 74 million Euro. Export represents 20% of this turnover, approximately 15 million euro. We are a joint stock company, our shareholders are farmers and processors who believe in organic production as the only way to produce food which is good for the land, for those who grow it and for those who consume it. A group of farming entrepreneurs, private agro-industrial professionals and cooperatives: La Cesenate Conserve Alimentari S.p.A., Brio S.p.A., Pastificio Felicetti S.p.A., Cooperativa Norandino, Chocolat Stella, Pompadour, Molini De Vita S.r.l, Apo Conerpo Soc. Coop and Mediterre.bio S.r.l. Ingredients are grown by our farmers and processed by our Shareholders: seven plants in Italy, one in Switzerland, for the production and the processing of cocoa, and one in Peru dedicated to raw cane sugar.

A group firmly rooted in the land, a concrete and distinctive example of an integrated, organised and sustainable network, whose work is symbolised by the Alce Nero brand. This is why Alce Nero doesn't manage supply chains, it is the supply chain itself.

ORGANIC MARKETS

Today the company exports to more than 50 countries. In Europe we are present in Poland, Germany, France, Switzerland, UK, Ireland, Spain, Portugal, Belgium, Sweden, Hungary, Lithuania, Romania, Bulgaria, Croatia, and others. Our products are also distributed in the Middle East and in other countries worldwide: Russia, Brazil, USA and Canada. In the Far East, Alce Nero and the Denis Group Company formed a joint venture in 2006 in order to consolidate and extend the development of the brand in key countries in this vast region. Alce Nero Asia distributes our products in Japan, China-HK, Taiwan, Korea, Singapore, Malaysia, Thailand, Indonesia, Brunei and others. Worldwide, Alce Nero is working with importers and distributors with the aim of building long-term relationships for smooth business development and mutual benefits.

Massimo Monti
C.E.O. of Alce Nero S.p.A.

“Organic food has become very popular and is no longer a niche market; never before organic products and producers have crowded the market like in these days. Everyone produces organic food and everyone talks about it: big companies and important brands of the conventional market. Even the multinational corporations started with their certified organic product lines and are distributing them quickly in the supermarkets, thanks to their dimensions and commercial importance. In this changing world, our strength and distinctiveness is to offer always only and exclusively Italian organic food. As we are a group of farmers and processors who produce and sell their products directly, in a market which is suddenly flattered by the giants of the food industry, we will work hard to ensure that Alce Nero remains a credible and excellent alternative, managed by farmers and definitely Italian, for all those who will continue to trust us in the years to come.”

Arturo Santini
Chairman of Alce Nero S.p.A.

“The land has to be protected and preserved, looked after as if we were its big brothers. There is a symbiosis between the farmers and the earth. Farming land is a heritage to be safeguarded and handed over to the future generations.”

PASTA

DURUM WHEAT PASTA

Alce Nero pasta is made exclusively with organic Italian wheat grown in the south of Italy. The traditional drawing process gives our pasta a rough surface for a fuller taste, making it perfect for absorbing sauces. Alce Nero durum wheat pasta is available in various shapes: **spaghetti**, **penne**, **fusilli**, **conchiglie**, **farfalle**, **tagliatelle** and **lasagne**.

WHOLE DURUM WHEAT PASTA

Alce Nero whole durum wheat pasta with high fibre content is available in following shapes: **spaghetti**, **penne**, and **fusilli**. Consume it with vegetable white sauces such as classic pesto with basil, courgettes or artichokes pesto sauces.

SEMI-WHOLE DURUM WHEAT PASTA

The pasta appears slightly bronze-colored, with a rough surface due to the traditional drawing process; after cooking, the pasta is light yellow. Available in the following shapes: **spaghettini**, slightly thicker as traditional spaghetti, **penne rigate**, excellent for baked pasta, **fusilloni** with a large corkscrew shape that absorbs the sauces better and **gramigna**, a short curled shape typical of the Emilia Romagna region, ideal for sauces with meat.

CAPPELLI DURUM WHEAT PASTA

This pasta is produced using a historic variety of durum wheat created by Nazareno Strampelli in the beginning of the XXth century on the fields made available by the Marquis Cappelli.

During the tests, Strampelli developed amongst other selected seeds, the Cappelli wheat.

The line, including **spaghettoni**, **penne**, **rigatoni** and **fusilli** is endowed with **linguini** and **mezze maniche** shapes, all organic.

PAPER PACKAGING

The packs are realized in paper, without plastic windows, with residues close to zero during recycling. Furthermore, the packages have water-based paint and glue, without any chemical component.

DURUM WHEAT PASTA OF GRAGNANO P.G.I.

Alce Nero Gragnano pasta is made with organic Italian durum wheat. It is produced in Gragnano near Naples with an artisanal process: traditional drawing process followed by a very slow drying, which lasts up to 50 hours and takes place in static cells at an average temperature which never exceeds 50 °C. The P.G.I. (Protected Geographic Indication) Alce Nero Gragnano pasta is available in three big shapes: **paccheri**, **spaghettoni** and **rigatoni**.

100% EMMER WHEAT PASTA

Our 100% emmer pasta is obtained exclusively from organic emmer grown in Italy, Triticum Dicoccum, so called because it contains 2 caryopsis per spighetta. The Traditional drawing process gives this pasta a rough surface, particularly suitable for tying seasonings. It is available in different formats: **spaghetti, penne rigate, fusilli, tubetti, tagliatelle** and **gramigna**.

WHOLE EMMER WHEAT PASTA

Alce Nero whole emmer wheat pasta with natural source of fibre content is available in following shapes: **spaghetti, penne** and **fusilli**. Consume it with vegetable white sauces such as classic pesto with basil, courgettes or artichokes pesto sauces.

100% KHORASAN WHEAT PASTA

The Khorasan wheat for our pasta is organic and is grown in Italy. Khorasan wheat has always been cultivated in the Mediterranean area. Cultivation areas where today's characteristics are best expressed, in Italy, are in particular the regions of Sicily and Apulia. The traditional drawing process gives our pasta a rough surface for a fuller taste, making it perfect for absorbing sauces. The pasta with 100% Khorasan wheat is available with white and whole wheat, in the shapes **penne rigate** and **spaghetti**.

PAPER PACKAGING

WHOLE DURUM WHEAT PASTA WITH LEGUMES

Alce Nero whole wheat pasta with legumes, available with red lentils or chickpeas, is a good alternative to traditional pasta thanks to its low carbohydrate content and the high percentage of proteins.

For this type of pasta we use whole durum wheat, produced by milling the whole grain, and legume flour, mixed with the spring water coming from the Dolomites. Whole durum wheat pasta with chickpeas is available in **fusilli** and **spaghetti** shapes whereas whole durum wheat pasta with red lentils in **penne rigate** and **linguine** shapes.

TOMATO AND PASTA SAUCES

Our tomato and organic vegetables maintain the simplicity and authenticity of the flavors of the past. The tomatoes are 100% Italian and organic, cultivated on the most suited fields in the Emilia Romagna region. To preserve the flavors and aromas of our **pastes and pulp**, the tomato processing process begins a few hours after harvesting.

The range includes: **tomato purée**, **chopped pulp**, **chopped pulp with basil**, all three in a 500g bottle and **peeled tomatoes** in a 400g jar, **tinned tomatoes** in 350g size, **velvety brick** 200g x 3, **velvety bottle** 200g x 2, **double tomato concentrate** and the **yellow tomato purée**. **Tomato sauce with basil**, **tomato sauce with vegetables**, **“arrabbiata” tomato sauce** in 350g jars; **tomato sauce with dried tomatoes**, **tomato sauce with mushrooms**, **classic tomato sauce**, **tomato sauce with vegetables**, **tomato sauce with basil**, **“arrabbiata” tomato sauce, with ricotta cheese**, as well as the **“bolognese” tomato sauce** with beef and **tomato sauce with seitan** in 200g jars.

EXTRA VIRGIN OLIVE OIL

The Alce Nero extra virgin olive oils are produced with olives grown in Apulia region in the south of Italy by approximately 160 member olive growers. **The classic extra virgin olive oil** is made exclusively from organic cultivars including Coratine, Ogliarola and Carolea. It is perfect as a dressing for salads or as a base for sauces preparations. **The extra virgin olive oil P.D.O. - Terra di Bari Bitonto** is obtained from a blend of cultivars Cima di Bitonto and Coratina. It has a medium fruity aroma with sensations of fresh herbs and light hints of bitter and spicy. It is ideal for grain soups, meat dishes, grilled vegetables and bruschetta. **Alce Nero Monocultivar Biancolilla extra virgin olive oil** is made exclusively from Biancolilla cultivar. It has a straw yellow color with golden reflexes, a delicate flavour and aroma ranging from artichoke to tomato and fresh grass. This oil is perfect for serving with raw and cooked vegetables, soups and grilled fish.

DRESSINGS AND CONDIMENTS

Alce Nero offers a **selection of typical organic Mediterranean dressings**: **apple vinegar**, made from the juice of apples from the Trentino region; **balsamic vinegar of Modena P.G.I. "3 drops quality"**, made with the must of Italian grapes and **balsamic vinegar of Modena P.G.I. Premium Quality**; a creamy and sweet **Balsamic Glaze**, **lemon juice** made with fresh Sicilian Lemons and **lime juice**. The **vegetable stock cubes** are palm oil and gluten free. The line also offers the **vegetable granulated broth** without vegetable fats and gluten. It is particularly suitable for preparing delicate broths for pasta, risotto, soups or for flavoring dishes.

FLOURS

Alce Nero **flours** are made by processing **organic Italian grains**. The classic **types “0”, “00”, “2”** and **whole wheat flour** are packed in 1 kg paper bags are produced from soft wheat grown in Italy; **rice flour, whole emmer flour, Khorasan flour** and **Cappelli Durum wheat** are in sizes of 500g, packaged in a protective atmosphere. Apart from the classic milled flours, Alce Nero offers a range of **stone ground flours**. Stone grinding is the oldest milling system in existence, where the grain of wheat is crushed and ground through its passage between two millstones rotating stone. The slow milling speed allows the characteristics to be preserved intact nutritional of the wheat germ. Stone grinding, moreover, allows to obtain a flour with an irregular grain size that guarantees a taste and a scent more intense to the flour. To the range is added the **new stone ground chickpeas flour**, with nutty and sweet flavor and rich in protein and fibre.

RICE

Alce Nero rice is grown and harvested in Piedmont and Lombardy on organically farmed lands. The range includes **Arborio rice**, **Baldo rice**, **whole grain rice**, **Nerone black rice** and **Rosa Marchetti rice**. Arborio and Baldo are long-grain rices, Arborio being pearl white and Baldo translucent white. Arborio is ideal for creamy risottos and puddings and Baldo for salads and risottos. Whole grain rices have a honey-coloured grain and are best for salads and thick soups. Nerone black rice has a black grain and is perfect for salads and with fish, whereas the ancient Rosa Marchetti variety with a medium-sized greyish pink grain, is ideal for broths and cakes. The range is completed by the new **Carnaroli rice**, perfect for making risotto, it is the most widely used rice in Italian cuisine.

FRUIT SPREADS

Our spreads are produced with **organic fruit** and **no added pectin**. The production method used for their preparation allows to preserve, as much as possible, the typical notes of fresh fruit.

The range includes nine flavors: **peaches, apricots, blueberries, strawberries, plums, mixed berries, citrus fruits, figs and lemons** and the **chestnut cream**. Among them, apricots, peaches, plums and strawberries are from Italian crops and contain 105g of fruit per 100g of spread.

They are available in 270g glass jars.

PLANT-BASED DRINKS

The Alce Nero organic **plant-based drinks** are perfect for consumers with lactose intolerance, they are made with Italian raw materials: **rice, soy, oat, emmer** and **almonds**; they are free from lactose and added sugar.

As cold drinks they are tasty and pleasant, while with the addition of barley, coffee or cocoa they are ideal for breakfast. They are also perfect for cooking.

PACKAGING MADE FROM RENEWABLE SOURCES

The new Alce Nero plant-based packaging are produced **with 74% of raw materials from renewable sources**. The new packaging uses sugarcane bio-plastic (non-edible material) for part of the cap and some layers of the packaging. Bio-plastics processed in this way is a raw material from renewable sources.

FRUIT JUICES AND NECTARS

Our **nectars and fruit juices are organic**. Pears and peaches, apricots and apples are grown in Italy. The nectars are obtained from the fruit purée to which cane sugar is added.

The range consists of **apple juice** and **pear juice**, **peach nectar**, **apricot**, **pear** and **apple and blueberry** in brik. The juice range is completed by a fresh taste **juice made with apple, orange, carrot and lemon** and **pomegranate nectar** that is characterized by a particular bittersweet taste.

PACKAGING MADE FROM RENEWABLE SOURCES

The new Alce Nero nectars packaging are produced **with 82% of raw materials from renewable sources**. The new packaging uses sugarcane bio-plastic (non-edible material). Bio-plastics processed un this way is a raw material from renewable sources. Today the fruit nectars are even more sustainable thanks to the new 100% paper straw.

TARALLINI AND BREADSTICKS

We produce **tarallini** with **selected raw materials**: Italian flour, white wine, extra virgin olive oil and salt. They are available in two versions: **with extra virgin olive oil**, cold extracted from the olives of our olive growers, and **with fennel seeds**, in bags of 250 and 40 grams.

The Alce Nero savory snack line is then enriched with a new product: **Khorasan breadsticks**, made with only 4 ingredients, organic and 100% Italian: Khorasan flour, extra virgin olive oil, salt and natural extract of olive, without the use of yeasts. It will be available in 150g bags.

HERBAL TEAS

Alce Nero **herbal teas** are organic and without aromas. From the spicy flavor of ginger to the calm properties of the fennel, the new line of herbal teas was developed in order to embrace different needs and tastes.

The Alce Nero **digestive herbal tea** is free from flavourings and contains mint, chamomile and fennel. It is characterised by a fresh, delicate flavour which makes it ideal served after meals.

The Alce Nero **relaxing herbal tea** is free from flavourings and contains passiflora, lemon balm and lemon verbena. It is characterised by a fresh, citrus flavour which makes it especially ideal in the evenings, after meals.

Each box contains 20 individually wrapped bags. The bags do not have a metal stapler pin and are 100% compostable.

Alce Nero Fairtrade line includes **cocoa, cane sugar, coffee, tea, chocolate, rice** and lots of other products, all organic, produced pursuing the best quality and respect for the land and the people working it. All these products tell the story of flavors and lands, of solicitous hands and gentle workmanship able to bring the flavor of authentic and diversified nutrition to your table.

The farmers selected by **Alce Nero Fairtrade** are part of the union of nearly 6000 producers, 171 associations and cooperative members of **Norandino** in Peru.

Every day they are committed to cultivating and processing agricultural products in accordance with the principles of quality and purity of production. They democratically promote social and environmental sustainability in their communities in the north of Peru - in the regions of Piura, Tumbes, Amazonas, Cajamarca, Lambayeque and San Martín.

BABY FOOD

The Alce Nero Baby Line is the **range dedicated to children from 0 to 3 years**. To grow well and according to nature, we have chosen to produce only in Italy, in the certified* plants of our members and partners, using **Italian raw materials** and **Fairtrade certified organic bananas**.

The recipes of the Baby line are **simple** and clean: from organic fruit, vegetables and cereals grown by farmers who share our values. We guarantee the transparency of all products: for each one we undertake to indicate their characteristics, origin and processing.

**Alce Nero baby food complies with the D.P.R. No. 128 of 7 April 1999 except extra virgin olive oil and chamomile.*

BEER

Alce Nero beer is an **organic lager beer**, full and strong expression of the Italian territory, of which it enhances the excellence of small agro industrial realities. The production plant is in a small mountain brewery in Piedmont, which uses water directly from the source, from the Alps, at an altitude of 1.432 m, while the Cappelli durum wheat is the one of our farmers from south Italy. Unfiltered beer is quite simple beer that has not been filtered, nothing has been removed, obtaining a more complex flavor and aroma, with still refreshing taste.

FROZEN PRODUCTS

Alce Nero Frozen range of products includes distinctive, innovative and valuable frozen, organic high quality products such as Pizzas, margherita and vegetables, Fagotti, Minestrone, Soups and Vegetables and Protein ready meals.

FROZEN FAGOTTI

Alce Nero **Crepes**, with a crispy and golden surface, have a soft filling streaky and delicate taste. The outer casing is prepared with flour type "0", from our supply chain, without added starch, with our extra virgin olive oil, as well as the tomato pulp. The mozzarella cheese is made with Italian milk, without the addition of other streaked cheeses. The "Fagotti" are **not pre-fried** and are available in two variants: **tomato and mozzarella cheese** and **tomato and mozzarella cheese with aubergines**.

FROZEN READY MEALS

The **new organic frozen ready meals**, with an absolutely innovative recipe that combines ingredients, textures and different nutritional contributions in a single dish, they are available in two different references: **Barley and Spinach in Chickpeas Cream, Spelt and Black Cabbage in Borlotti Cream**.

They are a source of protein and low in saturated fat. The **new creamy soups** are added to a range of protein soups: **Creamy soup with chickpeas and spinach** and **Creamy soup with lentils and carrots**. Alce Nero Organic Creamy soup with chickpeas and spinach contains legumes, vegetables and a mix of aromatic herbs such as rosemary, sage and bay leaf. The chickpeas guarantee the protein component of the recipe, while the spinach, potatoes and the almond drink give creaminess and sweetness to the dish. Alce Nero Organic Creamy soup with lentils and carrots is distinguished by its red colour, mainly given by beetroot and carrots. Lentils, a natural source of protein, together with potatoes and plant-based almond drink give it creaminess. Rosemary, sage and laurel enrich the soup with aromatic notes.

Ready in only 8 minutes, they were made following a recipe that combines the creaminess of legumes and potatoes with chopped vegetables and cereals. The ingredients used for their preparation are all organic and 100% Italian, grown in the most suitable areas of our peninsula. They can be enjoyed as a main course. They are packaged in a recyclable paper wrapper.

FROZEN POTATOES

The Alce Nero mashed potatoes is made with **100% Italian and organic potatoes**. After harvesting, the potatoes are processed through meticulous steps: first washed, then boiled, to create a soft paste; then the potato puree, so obtained, is frozen and packaged in bags 100% recyclable in paper.

Is very versatile in the kitchen: it is perfect for preparing tasty mashed potatoes, or as a basis for other appetizing recipes.
