

WASP

Lightweight disruptor which reduces soldier burden

EOD team members on dismounted patrol have enough to carry. WASP offers a lightweight alternative without compromising effect. The WASP disruptor is easily carried and operated by a single person making it ideally suited for conventional EOD or Special Forces dismounted operations.

Operational availability is also increased. In addition to the familiar Pigstick cartridge, WASP can also use more widely available and lower cost Chemring 12G cartridges.

REDUCES SOLDIER BURDEN

WASP weighs less than 1 kg fully charged – a 2 kg saving compared to Pigstick.

OPERATIONAL FLEXIBILITY

The Stand Adaptor allows WASP to be used on a range of existing stands.

OPERATIONAL AVAILABILITY

WASP can use a variety of cartridges which mitigates the risk of supply issues.

NO TRAINING OVERHEAD

Training can be conducted on the same in-service equipment without affecting its operational performance. WASP also uses the same water projectile system users are familiar with.

WASP Light Weight Disruptor

MORE ABOUT WASP

The lightest and toughest disruptor in its class, WASP is a general purpose disruptor designed to defeat a wide range of IEDs

It uses proven water jet technology to dynamically separate the key components of an explosive device to avoid detonation. The injector can be prepared remotely and fired using either a firing line and electronic exploder, or a remote firing system such as the Chemring Technology Solutions' Breach system.

It can be deployed using the lightweight stand provided, conventional tripods, or mini and micro ROVs. All the components are contained in a lightweight purpose-made canvas holdall.

KIT CONTENTS

- Barrel • Breech • Loading Tool • Stand Adaptor
- Stand Plates (x2) • Brush • Cleaning Rod
- Cleaning Handle • Allen Keys (x3) • 12G Sleeve
- Parachute • Kit Bag • Flexible Water Container

ORDERING

Description	Stock Number	NSN
WASP Disruptor Kit	800-1358	1385-99-741-6547
Pigstick Cartridges (L46A1), Box of 20 Can also be used with other approved compatible cartridges	270-0013	1385-99-965-7874
