## INTRODUCTION

Welcome to Bristol Stamp Auction catalogue number 13. This is a public sale to be held **at Gordano School, St. Mary's Road, Portishead, Bristol, BS20 7QR**. Viewing will be from 9am to 1.15pm on the auction date, with the sale itself commencing at 1.30pm.

This sale has a larger number of lots than our last auction, it also has considerably more volume with a greater number of boxes! There are a large number of box lots being offered for the first time. Most relisted lots have been reduced in price. If you plan to view boxes you may wish to allow a little more time than usual. We have one vendor with a good number of box lots who has instructed us to sell and these start at just £1 each.

The items in this sale represent the property of more than 35 different vendors. Whilst we take care to ensure lots are accurately described, we are not able to thoroughly check everything, particularly box lots and bulk items, we simply do not have the time! Vendor's information supplied to us varies, but we do our best to offer material in a way that is consistent across all lots. Please ask if you require clarification on anything at all.

The photo plates should help your understanding and include some of the more unusual and/or valuable items. There is a wide variety of material on offer. We hope you find something of interest. If you have any doubts or require clarity on any aspect, again please do not hesitate to contact us.

Although this is a public sale, we also offer the usual facilities for absentee (postal) bidders. If you have any questions, please do not hesitate to ask.

**IMPORTANT – this catalogue is sent via Royal Mail, although we post out in plenty of time we cannot guarantee when it will be received.** In the circumstances, whilst we are always happy to receive bids in the post, we would recommend using email (which will be acknowledged) or phoning your bids to ensure safe receipt, if time is short.

Yours in collecting

# Viewing Arrangements & Bidding in our auctions

THE 'TYPE' OF EACH LOT IS CLEARLY INDICATED IN THE CATALOGUE AFTER THE LOT NUMBER

## VIEWING ARRANGEMENTS

IN PUBLIC	All lots in this sale will be available for public viewing at Gordano School, Portishead from 9am to 1.15pm on the auction date.
BY EMAIL	Where possible small / single (S) lots, some envelopes (E) and Albums (A), or part thereof can be scanned via emails. Please note that this may take time depending upon the physical location of the lots. Contact Peter (01304 829827 or 07702 270948) to discuss or email us.
CATALOGUE	For lots with an illustration in the catalogue, this may assist your understanding of the item involved. The catalogue descriptions may also provide additional descriptive information to aid understanding. Please note that colour reproduction may not be accurate, if in doubt – ask!

Please note the auction will take place at 1.30pm GMT on Saturday 20th April 2024. The deadline for bids is as indicated below.

## HOW TO BID IN OUR AUCTIONS

BY POST	There is a bidding form in the catalogue which can be sent to us at P.O. Box 5, Dover, CT16 1YQ. <b>Please send in good time to reach us ideally the day before the sale.</b> We cannot be responsible for any bid form that may be subject to postal delay.
BY EMAIL	email your bids to <a href="mailto:invictastamps@btinternet.com">invictastamps@btinternet.com</a> by 6pm on the day prior to the sale. Bids received after this time 'may' not get entered as our staff may not be able to check emails due to dealing with the sale itself.
BY PHONE	Bids can be telephoned to us on <b>01304 829827</b> or <b>07702 270948</b> , ideally by 10.00am GMT on the day of sale. Later bids may be accepted but have to be relayed and may be prone to error.

**NOTE: A BUYER'S PREMIUM OF 15% plus V.A.T. WILL BE ADDED TO THE HAMMER PRICE OF ALL LOTS SOLD IN THIS AUCTION**

## BID STEPS

The following bid steps will be used by the auctioneer when selling lots in this sale. Postal bids should allow for this.

Price	Bid Steps	Price	Bid Steps
Up to £30	£1	£31 to £50	£2
£51 - £100	£5	£100 - £300	£10
£300 - £1,000	£20	£1,000 - £2,500	£50
Above £2,500	At the auctioneer's discretion		

# Bidding Arrangements & Other Information

**REMEMBER** – In the event of 'tied' bids on any lot, the earliest bid received will prevail. For absentee (Postal) bidders, this is particularly important as it gives you an advantage to be the 'early bird'. It also means that any room buyer will have to outbid you.

## EMAIL BIDDERS – IMPORTANT INFORMATION

All emails should be sent to [invictastamps@btinternet.com](mailto:invictastamps@btinternet.com), this email address is checked regularly.

**It is our standard practice to acknowledge all email bids and you should receive an email from us confirming the safe receipt of your bids.** If you do not receive an email within 24 - 48 hours it is worth contacting us again to ensure your bids have arrived.

**GMAIL email account holders** – There are clearly issues between Gmail and BTInternet as regards emails as we have had quite a few clients send us emails from Gmail accounts and they simply do not arrive. We can send to Gmail accounts but replies do not get through. In short we suggest you phone bids or use an alternative email provider if this applies to you.

## POSTAGE & PACKING CHARGES

By way of background information, our aim is to send out successful purchases to buyers as quickly as possible and usually this is completed by the close of play on the Tuesday following the auction.

Because many of the lots are supplied by third party vendors, we send everything out on a 'signed for' or 'tracked' service, since we have to pay in the event of a sale if an item goes missing.

We consider our charges are very fair for this and are reasonable when compared to other auctions. These costs also include paying the staff involved in shipping items out

Generally, we can send a single box of weight up to 10kg within the United Kingdom for around £12 - £14 excluding VAT. If you purchase multiple boxes, we will where possible combine these to avoid additional shipping costs.

# TERMS & CONDITIONS

There is a certain amount of general information that we are either obliged to tell you or want to tell you to ensure that our customers know everything they need to (the legal stuff) and that there are no nasty surprises (the general stuff). This page is designed to cover all the bases. If you have any questions just ask and we will do our best to provide any clarity needed.

## THE LEGAL STUFF

Firstly, this auction is owned and operated by Invicta Philatelics Limited, all the required information regarding the Company may be found on the Companies House website. We are members in good standing of the Philatelic Trader's Society (The P.T.S.)

Our auctions are conducted using the Philatelic Auctioneer's standard terms and conditions (1983 Revision). These are quite widely available online and we will gladly supply a copy upon request.

Invicta Philatelics Limited is registered for V.A.T.

The maximum amount we can currently accept in cash payments for any auction is £5,000 due to our Bank's restrictions due to Money Laundering regulations and legislation. (This is subject to change at any time).

**A BUYER'S PREMIUM of 15% plus VAT will be applied to the hammer price of each lot sold in this auction. There are no additional charges for card payments.**

## THE GENERAL STUFF

Most importantly of all, **the RESERVE prices shown in the catalogue are the minimum price any lot will be sold for.** There are no exceptions and **any bids received below this price will be ignored.** Any price inquiries would need to be taken forward with vendors and can therefore only be made after the sale.

Unless stated otherwise, catalogue prices in descriptions will be those in Stanley Gibbons catalogues. Where the description includes 'STC' this means 'Stated To Catalogue' and is a figure provided by the vendor and unchecked by us. You may care to verify this yourself, but it is not guaranteed by us..

Photo plates are for information only and whilst we will provide additional information as far as we are able. Catalogue descriptions may help but customers are strongly advised to physically view items of interest to satisfy themselves in all respects.

Postal bids should be entered in good time, we cannot be responsible for any forms delayed in the mail. Alternatively, you can place bids by telephoning us, or emailing us. For the later we will 'confirm' receipt of your bids to you.

Postage & packing charges are reasonable and includes the cost of packaging materials as well as any Royal Mail or courier charges and a small amount to cover staff time. All items are sent on a tracked or signed for service. We will combine lots together where possible. A single box weighing up to 6 kilos, will cost £12 - £16 to ship in the UK (multiple boxes pro rata and higher weights a little more), overseas at cost. We consider our charges stand a good comparison against competitors.

207	A	<b>Queensland</b> - Blue 24 page (48 sides) WHS stock book with a collection of postmarks both numerals and named types. 38 sides of various Victorian stamp issues laid out in numerical and alphabetical order and some Railway cancels, we counted 860 stamps in this part of the album with many pairs and many different locations identified. The last 10 sides well filled with an accumulation of mainly 20th Century issues collected for their readable cds postmarks. There are probably a further circa 500 stamps in this part of the album. There are doubtless going to be some rare and unusual postmarks here and these are very actively collected in Australia, there are specialist catalogues for them. One persons lifetime collection available as a basis for continuation. Impossible to replicate and a valuable lot.	£300

This collection is of French origin and is quite well described and written up and with many references to the Yvert & Tellier and Ceres catalogues. There is considerable identification of shades / varieties, many of which are beyond the scope of the SG listings. We note a few covers and some 'proofs' as well as many highly catalogued items. Vendor advises that total cat value exceeds £20,000, unchecked by us but looks reasonable. With a specialised French catalogue there will be finds in this lot, which has been reserved at just 2.5% catalogue to allow for condition. We recommend viewing!	£500

We closed our eBay shop due to the excessive fees and charges being applied. .

We are starting from scratch on Delcampe and currently have a few items available to purchase on a 'Buy It Now' basis. This will be increased over time.

Our main areas of interest are Great Britain and British Commonwealth early to modern although we also stock several foreign countries also. We are adding material regularly and plan to have a good range of GB First Day Covers, with the emphasis on 'Official' covers and modern special postmarks.

We have given a link direct to the shop below

We list new items on a regular basis, so it is worth checking in from time to time.

# Selling in our auctions

## IF YOU WISH TO SELL IN OUR AUCTION

If you wish to sell material through our Bristol Stamp Auction sales, please phone us, email us or come to any public auction to discuss how we can help. Whilst we can sell almost anything philatelic, the following should be noted:

- Our 'standard' commission charged to vendors in this auction is 20% excluding VAT. Rates for larger properties and 'regular' vendors may vary by prior arrangement.
- We do not charge lotting fees, unsold fees or picture fees. The vendor's commission is the only cost you will pay to sell through us.
- You must check with us beforehand if bringing bulky material (i.e. more than 1 box)
- Other than lots reserved at £1, **every lot must have a minimum reserve price of £30**, as the cost of handling items below this value is uneconomic.
- We reserve the right to reject any un-required material submitted.
- We have produced a sheet of 'Guidance Notes' for sellers that is available on request and provides more information on ways in which you can enhance the prospects of selling with us.
- Material left with us is not insured.
- Payment is usually made 5-6 weeks after the sale date.

We want your items to sell as we do not earn anything unless they do. That is why we will not accept consignments where we feel the reserve prices are too expensive. Our ownership team has been running auctions for more than 10 years and attending auctions as buyers for over 30 years. That experience gives us confidence that we can help you to find a buyer for your unwanted material.

**Please help us to help you by providing as much information as you can, this may include any or all of the following factors:**

1. A count of the quantity of stamps (or a reasonable estimate / guaranteed minimum)
2. Catalogue value (please indicate the age of the catalogue used – it can make a big difference!)
3. For mint decimal stamps of Great Britain, it helps to calculate a 'face value' which could be used as postage.
4. Specify the dates / reigns covered where applicable.
5. Flag up any particularly noteworthy items in large collections.
6. Damage / Imperfections should be pointed out it avoids problems later.

**IMPORTANT – PLEASE CONTACT US BEFORE BRINGING MATERIAL FOR SALE,  
WE WILL NOT NECESSARILY BE ABLE TO ACCEPT BOXES ON THE DAY IF OTHER  
VENDORS HAVE MADE PRIOR ARRANGEMENTS**
