WELCOME & INTRODUCTION

Welcome to Bristol Stamp Auction catalogue number 8, which is a public sale to be held at **Gordano School, St. Mary's Road, Portishead, Bristol, BS20 7QR**. Viewing will be from 9am to 1.15pm with the auction itself taking place from 1.30pm.

For client's resident in the Dover area, viewing of single lots only will be available for a few weeks prior to the sale at Keith Shepherd's Dover Stamps site in the Biggin nBizR.

This sale contains 1,077 lots, a little more than the previous auction, including more than 500 lots offered for the first time. Most of the relisted lots have been reduced in price.

Hopefully you will find the catalogue an interesting read. We can only offer you material, which is consigned to us, which can mean in a comparison of one sale to another there can appear to be an abundance of some areas and less of others. The type of lots offered can vary considerably as well. Overall this sale has a nice feel to it and we consider the range of material quite wide – we hope you agree.

As usual we have several £1 starts, with viewing recommended on several of these! The items in this sale represent the property of several different vendors. Whilst we take care to ensure lots are accurately described, we are not able to thoroughly check everything, particularly box lots and bulk items, we simply do not have the time! Vendor's information supplied to us varies, but we do our best to offer material in a way that is consistent across all lots. Please ask if you require clarification on anything at all.

The photo plates may help your understanding and include some of the more unusual and/or valuable items. There is a wide variety of material on offer. We hope you find something of interest.

Although this is a public sale, we also offer the usual facilities for absentee (postal) bidders. If you have any questions, please do not hesitate to ask.

IMPORTANT – this catalogue is sent via Royal Mail, with ongoing postal strikes currently planned, we cannot guarantee when it will be received. In the circumstances, whilst we are happy to receive bids in the post, we would recommend using email (which will be acknowledged) or phoning your bids to ensure safe receipt

Yours in collecting

TERMS & CONDITIONS

There is a certain amount of general information that we are either obliged to tell you or want to tell you to ensure that our customers know everything they need to (the legal stuff) and that there are no nasty surprises (the general stuff). This page is designed to cover all the bases. If you have any questions just ask and we will do our best to provide any clarity needed.

THE LEGAL STUFF

Firstly, this auction is owned and operated by Invicta Stamps Limited, all the required information regarding the Company may be found on the Companies House website.

Our auctions are conducted using the Philatelic Auctioneer's standard terms and conditions (1983 Revision). These are quite widely available online and we will gladly supply a copy upon request.

V.A.T. will be fully detailed on invoices at the appropriate rate(s) and is due on both the Buyer's Premium and any selling fees.

The maximum amount we can currently accept in cash payments for any auction is 10,000 euros due to the prevailing Money Laundering regulations and legislation. (this may be subject to change at any time).

A BUYERS PREMIUM of 15% plus VAT (if applicable) will be applied to the hammer price of each lot sold in this auction. There are no additional charges for card payments.

THE GENERAL STUFF

Most importantly of all, **the RESERVE prices shown in the catalogue are the minimum price any lot will be sold for.** There are no exceptions and **any bids received below this price will be ignored.** Any price inquiries would need to be taken forward with vendors and can therefore only be made after the sale.

Unless stated otherwise, catalogue prices in descriptions will be those in Stanley Gibbons catalogues. Where the description includes 'STC' this means 'Stated To Catalogue' and is a figure provided by the vendor and unchecked by us. You may care to verify this yourself, but it is not guaranteed in any way by Invicta Stamps Limited.

Photos are for information only and whilst we will provide additional information as far as we are able. Catalogue descriptions may help but customers are strongly advised to physically view items of interest to satisfy themselves in all respects.

Postal bids should be entered in good time, we cannot be responsible for any forms delayed in the mail. Alternatively, you can place bids by telephoning us, or emailing us. For the later we will 'confirm' receipt of your bids to you.

Postage & packing charges are reasonable. All items will be sent on a tracked or signed for service. We will combine lots together where possible. A single box weighing up to 6 kilos, will cost £12 - £16 to ship in the UK (multiple boxes pro rata and higher weights a little more), overseas at cost. These charges include the cost of any packaging materials, and we pay staff to prepare all shipments and employee costs are also in this figure. We consider our charges stand a good comparison against competitors.

INVICTA Philatelics eBay Shop

As well as being the owner of both Bristol and Dover Stamp Auctions, the principals behind Invicta have an eBay shop, which has been running for over three years and has over 9,000 'positive' feedback. The '**invictaphilatelics**' eBay shop typically has around 7,500 items available to purchase on a 'Buy It Now' basis.

Our main areas of interest are Great Britain and British Commonwealth early to modern although we also have ranges from several foreign countries also. We also have a good range of GB First Day Covers, with the emphasis on 'Official' covers and modern special postmarks. You will find several scarce FDC items in our eBay shop listings including more recent 'official' issues.

The eBay shop is looked after by Peter's wife Julie, who does her best to keep him on the straight and narrow!

We have given a link direct to the shop below, which you need only type into the search bar on your computer or mobile device. We hope you find the time to look at the range of items on offer:

In the meantime, if you want to have a look at the periodic auctions which we may list, then add the seller name to your favourites and have a look. We generally list new items on a regular basis, but not necessarily every week.

Selling in our auctions

IF YOU WISH TO SELL IN OUR AUCTION

If you wish to sell material through our Bristol Stamp Auction public sales, please phone us, email us or come to the auction to discuss how we can help. Alternatively, you can make inquiries at Dover Stamp Shop. Whilst we can sell almost anything philatelic, the following should be noted:

- Our 'standard' commission charged to vendors in this auction is 20% excluding VAT. Rates for larger properties and 'regular' vendors may vary by prior arrangement.
- We do not charge lotting fees, unsold fees or picture fees. The vendor's commission is the only cost you will pay to sell through us.
- You must check with us beforehand if bringing bulky material (i.e. more than 1 box)
- Other than lots reserved at £1, **every lot must have a minimum reserve price of £30**, as the cost of handling items below this value is uneconomic.
- We reserve the right to reject any un-required material submitted.
- We have produced a sheet of 'Guidance Notes' for sellers that is available on request and provides more information on ways in which you can enhance the prospects of selling with us.
- Material left with us is not insured.
- Payment is made 5 weeks after the sale.

We want your items to sell as we do not earn anything unless they do. That is why we will not accept consignments where we feel the reserve prices are too expensive. Our ownership team has been running auctions for more than 7 years and attending auctions as buyers for over 30 years. That experience gives us confidence that we can help you to find a buyer for your unwanted material.

Please help us to help you by providing as much information as you can, this may include any or all of the following factors:

1. A count of the quantity of stamps (or a reasonable estimate / guaranteed minimum)
2. Catalogue value (please indicate the age of the catalogue used – it can make a big difference!)
3. For mint decimal stamps of Great Britain, it helps to calculate a 'face value' which could be used as postage.
4. Specify the dates / reigns covered where applicable.
5. Flag up any particularly noteworthy items in large collections.
6. Damage / Imperfections should be pointed out it avoids problems later.
