Dear Collector:

Welcome to our latest Philatelist, our regular monthly illustrated list of items for sale from our stocks.

This list includes items from Great Britain, Commonwealth and ranges of material from Foreign countries worldwide, including former countries and colonies. Mint and used, early to modern, interesting thematic subjects as well as some FDC's and occasionally some commercial mail and postal history can all be found in these pages. A careful look is recommended.

**Previously offered and unsold items from the previous three lists 'may' still be available, please feel free to contact us with enquiries regarding these. Earlier lists can be found on our website.**

Early reservation by telephone or email is highly recommended for items of specific interest to avoid disappointment

Yours in collecting
