<b>Back Adjustment Description:</b>							
Live Back	<i>**moves with the shape of the user's spine as sitting positions change</i>						
Integrated Live Back	<i>**automatically creates flexibility &amp; movement in the backrest to ensure dynamic back support as you recline</i>						
Air Live Back Technology	<i>**works through an innovative geometric design that flexes in two dimensions as the user moves</i>						
Live 3D Back	<i>**allows the back to move &amp; conform laterally, sagittally and torsionally to support individual users</i>						
Comfort Dial	<i>**has three setting, weight activated, boosted tension and upright back lock</i>
