

Cloth Nappy Washing Guide

1

Tip/scrape any solids into the toilet, and tip the dirty nappies into the machine

Short wash/rinse

Setting:

2

Temperature:

Spin Speed:

Detergent Quantity:

3

Add items smaller than a hand towel, to bulk the drum to three quarters full

Main wash

Setting:

4

Temperature:

Spin Speed:

Detergent Quantity:

5

If there are still soap suds after the main wash, rinse again.

6

Hang to dry. Any items without PUL can be put on a low setting in the tumble drier if required. Avoid putting PUL on a direct heat source.
