

FOUND A LITTER OF KITTENS?

BEFORE JUMPING TO THE RESCUE, PLEASE CONSIDER THE FOLLOWING RECOMMENDATIONS:

1.

QUIETLY OBSERVE FROM A SAFE DISTANCE TO DETERMINE IF THE MOTHER IS PRESENT.

2.

IF THE KITTENS ARE CLEAN AND SLEEPING IN A HEAP, MOM IS MOST LIKELY OUT LOOKING FOR SOMETHING TO EAT AND WILL BE BACK TO CARE FOR THEM.

3.

IF YOU SENSE THE KITTENS ARE IN IMMEDIATE DANGER, MOVE THEM TO A SAFE AREA NEARBY WHERE THE MOTHER CAN STILL FIND THEM.

4.

PLACE THEM IN A SHELTERED AREA, AWAY FROM DIRECT SUN, RAIN OR TRAFFIC AND CONTINUE TO WATCH FOR THE MOTHER.

5.

IF YOU HAVE OBSERVED THE KITTENS FOR 12 TO 24 HOURS AND THE MOTHER HAS NOT RETURNED, THEN PICK THEM UP. GET TIPS ON HOW TO CARE FOR THEM AT WWW.MIAMIDADE.GOV/ANIMALS/NEONATES.ASP
