

NIGHTINGALE
MEDICAL SUPPLIES LTD

CONTINENCE PROGRAM

Nightingale Medical is proud to offer continence promotion and management services. Assessments and treatments of incontinence in adults by a Nurse Continence Advisor are available to patients living in the **Vancouver** area.

Our Program Includes:

Assessment

If you are experiencing symptoms of incontinence we can help you determine the cause and assess what treatment options are best for you.

Treatment

By working with an experienced Nurse Continence Advisor we will work with you in developing a practical treatment program designed to reduce episodes of incontinence and related problems.

Consultation

As a leader in medical products and services, we are available to health care facilities and the community for consultations ranging from current continence issues to new program developments.

Education

We offer continence-specific presentations to health care professionals and to the public.

FACTS ABOUT INCONTINENCE

- Who experiences incontinence?
 - Post-partum moms
 - Menopausal women
 - Post hysterectomy
 - Post prostate treatment
 - Seniors
- 45% of people experiencing symptoms never mention them to a doctor or health care professional
- Incontinence can usually be cured or managed
- Incontinence is not a normal part of aging
- It is estimated that up to 40% of the elderly people in the community suffer from incontinence
- Incontinence can be a major reason for entering a nursing home

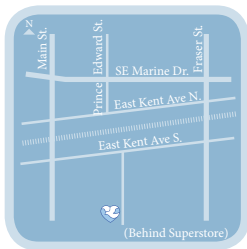

We bill directly to PharmaCare, Non-Insured Health Benefits (NIHB), Workers' Compensation Board (WCB), ICBC and Department of Veterans Affairs (DVA). We also provide printed private health care insurance forms for your convenience.
