### Product Information

### Installation Instructions

1. Make sure power is turned off. Pop front cover off the fitting.
2. Unscrew IP65 shield.
3. Gently knock the provided plastic expansion tubes into the pre-drilled holes, ensuring the plastic tubes are flush with the mounting surface. Run the cable through the rubber seal. Fix backplate to the wall.
4. Connect cables paying attention to live + neutral markings.  
Blue = Negative  
Brown = Positive  
Use the switch at the back of the fitting to change the colour temperature.
5. Screw IP65 shield to backplate ensuring a tight seal is made.
6. Ensure installation is correct before switching on the fitting to test. Once correct, fit the provided front cover.

### Safety Instructions
