Product Information

Installation Instructions

- 1. Make sure power is turned off.
- 2. Open the back plate of fitting with a phillips screwdriver.
- 3. Open the top and/or bottom of the fitting with the included Allen key. Insert the GU10 lamp and gently knock the provided plastic expansion tubes into the pre-drilled holes, ensuring the plastic tubes are flush with the mounting surface. Run the cable through the rubber seal. Fix the backplate to the mounting surface ensuring the arrow is facing up. Then connect cables paying attention to live + neutral markings: Blue = Negative
 - Brown = Positive
- 4. Screw on the cover
- 5. Fix the fitting
- 6. Turn the power back on

- Read these instructions carefully before commencing installation.
- 1. This LED luminaire must be installed by a licensed electrician ONLY following all local regulations.
- 2. Ensure that the cables will not be squeezed or damaged by sharp edges.
- 3. Clean the light with a soft cloth and a standard PH-neutral detergent.
- 4. Misuse of/or changes to the appliance shall void all warranties.

- 5. Do not install on a surface that is not suitable or deformed.
- 6. Do not install on or above a surface with a high temperature.
- 7. There should not be any materials that are corrosive, explosive.
