Remote Instructions

ON: Manuel Override: Light will stay on. For use if you require your light to stay on for longer (e.g. fixing your car in your driveway). To set back to normal sensor mode use the same 3 easy steps shown below.

OFF: Will turn fitting off if required (e.g. if a hot day is causing light to go on repeatedly). Note: When turned back on with "on" button previous operation selection below will be remembered.

DAY AND NIGHT OPERATION MODE: Sensor function (activation by movement) works during the day and the night. Will come on when movement is detected and will stay on for the time set then go off.

NIGHT OPERATION MODE: Sensor function (activation by movement) works during the night only (when light level below 50 lux). Light will come on when movement is detected and will stay on for the time set then go off.

ALL NIGHT MODE: The light comes on at night (when light level below 50 lux) and stays on until daylight (when light level above 50 lux). Light comes on in the dark and stays on.

TIME:

S: Second M: Minutes H: Hours

For example:

- 30S means after 30 seconds, the lamp will turn off.
- 2M means after 2 minutes, the lamp will turn off.
- 1H means after 1 hour, the lamp will turn off.

SENSITIVITY:

Detection range 5-8 metres

Detection range 3-5 metres

Detection range 1-3 metres

How to set up light fitting sensor function:

Your sensor light is ready to go in 3 easy steps.

-  Select the MODE button that you want your sensor function to be enabled for eg: Night Operation Mode, which will enable your sensor light to function during low light levels.
Recommended setting is, night operation mode.
-  Select the length of TIME button that you wish your light to stay on eg: 30S means after 30 seconds, the lamp will turn off.
Recommended time setting is 2 minutes.
-  Select the SENSITIVITY button of the sensor eg: this will enable how far away something is detected to turn on your light fitting on.
Recommended sensitivity setting is 3-5 metre range: so movement from neighbours does not affect sensor.
