## **Product Information**

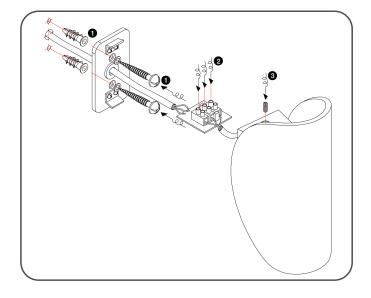

#### Installation Instructions

- 1. Make sure power is turned off. Gently knock the provided plastic expansion tubes into the pre-drilled holes, ensuring the plastic tubes are flush with the mounting surface. Run the cable through the rubber seal. Fix backplate to the wall.
- 2. Connect cables paying attention to live + neutral markings.
- 3. When screwing in grubs screws on step 3 you MUST ensure backplate is tight to the fitting to avoid water entry. Silicone can be added to the seal to help if desired.

To avoid potential unsafe lamp failure, the luminaire should be switched off at least once a week

### Saftey Instructions

Read these instructions carefully before commencing installation.

- The light source contained in this luminaire shall only be replaced by the manufacturer or this service agent or a similar qualified person.
