Installation Instructions

1. Using mounting brackets as a guide, drill two mounting holes. Knock two white expansion tubes provided into the holes.
2. Turn two pieces screws into the white expansion tubes through the bracket holes to fix the bracket onto the ceiling.
3. Connect wires into connector block provided paying attention to live, natural and earth markings.
4. Once all wires are connected, place your LED lamp into fitting. Ensure installation is correct before switching on the fitting to test.

Safety Instructions

Read these instructions carefully before commencing installation.

1. The light source contained in this luminaire shall only be replaced by the manufacturer or this service agent or a similar qualified person.
2. This LED luminaire must be installed by a licensed electrician ONLY following all local regulations.
3. Ensure that the cables will not be squeezed or damaged by sharp edges.
4. Clean the light with a soft cloth and a standard PH-neutral detergent.
5. Misuse of/or changes to the appliance shall void all warranties.
6. Do not install on a surface that is not suitable or deformed.
7. Do not install on or above a surface with a high temperature.
8. There should not be any materials that are corrosive, explosive.
