1x2 V-Cap Strip - Ig12vcsoliL

PATTERN:

**1"x 2"**  
**V-CAP**  
**STRIP**

STYLE:  
**TRIM**  
**TILE**

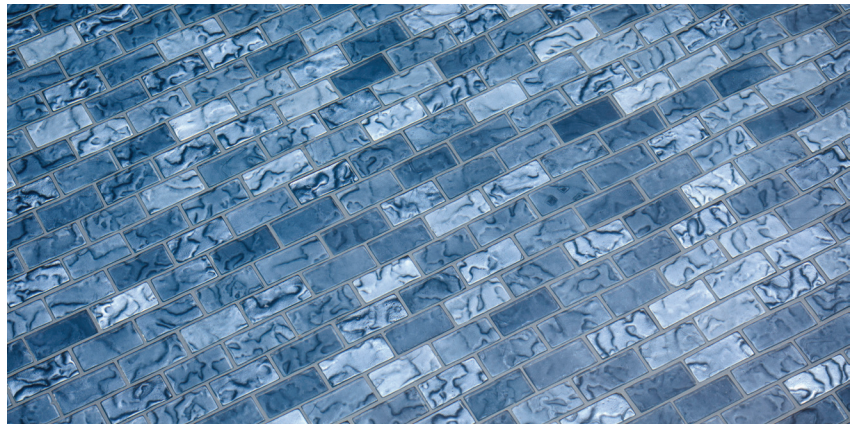

This product comes in a strip.  
All dimensions are nominal. One Strip = 1.1 linear ft.

## LAVA GLASS COLLECTION

### Talking Points

- Lava Glass is a fused glass tile with a durable back paint. The back paint is applied in excess of 1025°F and is what gives the glass tile its color.
- Lava Glass is faced mounted with a translucent, residue free film. In addition to the 1"x1" and 1"x2" formats the Lava Glass Collection includes a corresponding 1"x2" V-cap trim, which is available in all six Lava Glass colors and comes film face mounted in strips for ease of installation.
- Lava Glass meets or exceeds all industry requirements for use in exterior freeze-thaw environments and submerged applications found in "ANSI A137.2 American Nations Standard Specifications For Glass Tile". In independent, third party testing, Lava Glass received the following test results:  
 ASTM C373 Water Absorption – Impervious  
 ASTM C1026 Freeze-Thaw – Pass (300 cycles)  
 ANSI 137.2 Section 7.9 Thermal Shock Resistance – Pass (no visible defects)  
 ASTM C650 Chemical Resistance – Class A (no sample pieces affected)  
 ASTM C648 Breaking Strength – greater than 550 lbf
- Lava Glass can be easily cut on a wet saw with a continuous rim diamond blade made for cutting glass tile. (Do not dry cut glass tile with a power tool.)

**Brand:** Island Stone

**Material Type:** Glass

**Styles in Collection:** Mosaic Tile, V-Caps

**Colors in Collection:** Burning Ice, Cool Tropics, Deep Flow, Hazy Wave, Liquid Rock, Solid Ash

**Finish:** Lava
