

COMBO LOCK INSTRUCTIONS

The factory combination is 0-0-0. Follow these steps to set your personal combo:

1. Turn the dials (b) to 0-0-0.
2. Using a pointed tool, press down the reset button (a) until you hear it click.
3. Turn the dials to your desired personal combo.
4. Push the button (c) until it clicks and you will lock in your personal combo. The reset button (a) will return to its original position.

Congratulations! You have set your personal combo. **DO NOT FORGET** your combination! Repeat the steps above to change your combo.
