

Tatting Inspiration with Picot Gauge Set

MAKE-IT
FREE PROJECT

How to Use a Picot Gauge

Method A: Parallel to shuttle thread.

- 1) Place the thread of the left hand in front of the gauge.
- 2) Make the first half stitch pulling it to the bottom of the gauge and sliding it to the previous stitch: then make the second half stitch.

Method B: Placed next to last stitch.

*Using this method will create a picot approx. half the size indicated on gauge. Please note this will not be true for 1mm and 2mm gauges.

Picot Gauge Sizes

Tatted Pendant Necklace

Materials Needed:

- *Clover Tatting Shuttle Art No. 8102
- *#10 Tatting Thread
- *Clover Picot Gauge Art No. 8104 (5mm)
- *Necklace chain

Abbreviations:

- Picot
- Large Picot
- + join
- R ring

R 10 -5 -- 5-10

* R 10+5 -- 5-10
Continue from * until you've made 9 rings.

Join to last picot from previous ring.

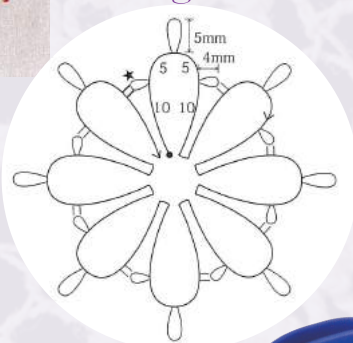

Finish off after 9th ring is made.

Use pins to block tatted pendant. **Blocking will keep project in desired shape**

Tatted Bracelet

Bracelet by: Fran Ortmeyer

Materials Needed:

- *Clover Tatting Shuttle
Art No. 8102
- * #10 Tatting Thread
Clover Picot Gauge
- *1/4" Ribbon to thread
through your bracelet
- *Clover Picot Gauge
Art No. 8104 (7mm)

NOTE: you can use any size thread you choose. Work piece for as long as you want before threading the ribbon. Be aware that the bracelet will "shrink" as you weave the ribbon through so make sure you have worked a length you will be pleased with.

INSTRUCTIONS:

NO JOINS in the tatting. Just tat the rings and chains and then weave the ribbon through.

Ring (15 --- 15) turn

Chain (2 --- 2) turn

Written out:

Ring: tat 15, 3 picot, tat 15

Chain: tat 2, 3 picot, tat 2, turn
