STEP 1

Wrap embroidery hoop with yarn to cover the entire surface.

NETTING

Once hoop is covered follow image instructions A-D to make the dream catcher netting.

IMAGE A

Make a simple knot by the center top of your hoop. Use a darning needle to wind the embroidery thread around your hoop evenly spaced out. *Image A* illustrates the direction in which you should be winding your thread. Please continue this pattern until you have a total of 12 loops on outer edge of hoop. Please note you are able to make more or less loops depending on the desired look.

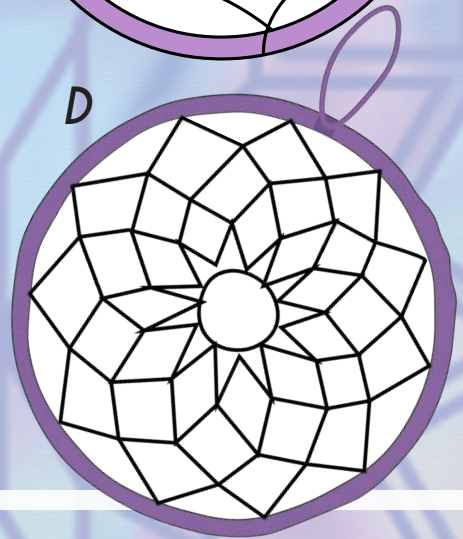

IMAGES B-D

*Images B-D show how you will start and continue rounds 1- 6.

Repeat this step until you reach the center.

*When desired look is achieved tie a knot and cut excess thread.

STEP 2

TASSELS

*Follow basic instructions included in the Clover Tassel Maker Art No. 9941 and use your embroidery thread in order to construct a total of five tassels.

*To get the full look pictured in image, wind your thread a total of 54 times on the third setting of your Large Tassel Maker. (Please note depending on desired look you may use the small tassel maker.)

CORDS

Cord #1 & 5: Finished length will measure 9". To get this length use two threads measuring 12" each for thread twister.

Cord #2 & 4: Finished length will measure 12". To get this length use two threads measuring 15" each.

Cord #3: Finished length will measure 16". To get this length use two threads measuring 19" each.

*Use darning needle to insert cord through tassel and knot in order to secure your tassels onto your cord.
