Make • It

Lets get crafty with the
Fabric Tube Maker!

Zipper Pouch

Materials:

- Clover Fabric Tube Maker (Art. No. 4022)
- Clover Wonder Clips (Art. No. 3185)
- Basal 2 1/2" Katahdin On-A-Roll

- 2 1/2" strips of fabrics
- Plastic Zipper
- Thread
- Sewing Machine

Instructions:

Step 1: Cut 8 Strips of fabric and 8 strips of Katahdin On-A-Roll 2 1/2" x 16" long.

Step 2: Place batting on top of wrong side of fabric.

Step 3: Fold both edges to the center and insert the fabric and batting strips through the Fabric Tube Maker. (See Instructions inside of box). Repeat this procedure for all 8 tubes. Sewing as you pull the Fabric Tube Maker.

Step 4: Using a zigzag stitch, sew the tubes together making an approximately 5" H x 16" L rectangle.

Step 5: Cut the rectangle in half. You should have 2 pieces approximately 5" x 8". Sew a straight seam down the sides of each piece to keep the tubes together.

Step 6: Lay right side up, bottoms to bottom. Using a straight or zigzag stitch sew together.

Step 7: Lay the fabric mat right side up on the zipper. Sew along the top of your fabric mat. Repeat for the other side.

Step 8: Proceed by unzipping the zipper so that when you sew the sides of your pouch you can turn it rightside out. With wrong side out, sew the sides together.

Step 9: Turn the pouch right-side out. You are finished. Enjoy!
