Tools

- Pom-Pom Maker (Small)
(Art No. 3124)
- Pom-Pom Maker (Large)
(Art No. 3126)
- Amour Crochet Hook 10.0 mm
(Art No. 1057)
- Quick Locking Stitch Markers (Large)
(Art No. 3032)
- Super Jumbo Tapestry Needle Set
(Art No. 3113)
- Natural Fit Leather Thimble
(Art No. 6028/6029/6030)
- Patchwork Scissors (Mini)
(Art No. 493/CW)

TIP: Using 2 different sized Pom-Pom makers adds to the texture of the cushion and gives good variety!

materials

- Cushion Insert 13 $\frac{3}{4}$ in. x 17 $\frac{3}{4}$ inches long
- DK Yarn in a matching color for tying the centers of the Pom-Poms
- About 5-6 x 100g Balls Super Chunky Yarn

Do make sure that you have enough balls, because the dye lot and the super chunky yarns look like a lot on the ball, but sometimes they aren't.

How much you have will depend on how densely you pack the Pom-Poms onto the cushion.

If you have the yarn left over, consider making some extra Pom-Poms and putting them in your stash for another project.

Crochet Instructions

Please read all the
instructions through and
assemble the equipment
before beginning.

1. Chain 26 as seen in Image 1.
2. Turn and then SC (Single Crochet) into each stitch. Repeat this for 45 rows as seen in Image 2.

TIP: Fit the crochet panel onto your cushion because they can vary quite a bit. It should fit snugly, but not stretch, so that you can see the cushion underneath.

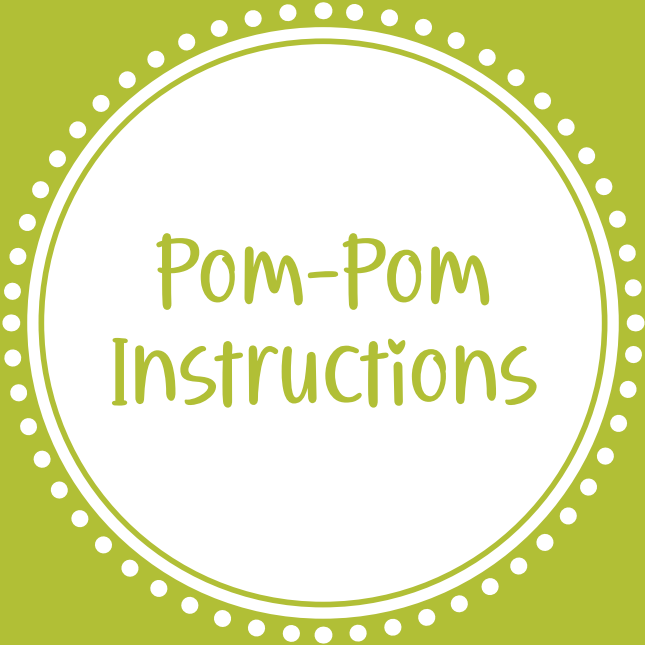

3. Add or subtract a row to get it perfect. Fasten off.

Pom-Pom Instructions

Remember:

Using different sized
Pom-Pom makers adds
texture to the cushion
and gives good variety!

Image 3

1. Take the Pom-Pom maker and some yarn and wind the yarn around the first two arms of the Pom-Pom maker. Repeat for the other two arms and close the Pom-Pom maker as seen in Image 3.

Image 4

- 2.** Cut the Pom-Pom using the channel on the Pom-Pom maker as a guide for your scissors as seen in Image 4.

3. Tie a piece of yarn (about 11 in. long) around the “waist” of the Pom-Pom as seen in Image 5, and DON'T trim the tails, they will be used to secure the Pom-Poms to the cushion.

TIP: Use a slightly thinner but color matched yarn to tie off. This is especially important if you used very chunky yarn.

Image 5

Image 6

- 4.** Remove the Pom-Pom from the maker as seen in Image 6.

5. Make about 18 Pom-Poms or so in 2 different sizes. Use the long tails to secure the Pom-Poms to the crochet panel 6 in. up from one short end. This panel will be in the middle of your cushion when you are done.

TIP: Your crochet hook is handy for pulling the yarn tails through. Do check where the center of the front will sit on your cushion though before you put the Pom-Poms on.

6. Tie the Pom-Poms off on the wrong side of the crochet panel and trim the tail ends leaving a bit to keep them secure.
7. Use your yarn, plus the largest of the darning needles from the set, to sew the sides and base of the cushion leaving a gap in the base. Insert the cushion and close the base gap.
