Microbials

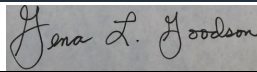

Complete

Analyte	Limit	Units	Status
E. Coli	0	CFU/g	NT
Salmonella	0	CFU/g	NT

Currently it is unclear in statute for whether microbials on harvest batches should be tested. Upon guidance provided by the Oklahoma State Health Department our laboratory is currently only reporting failures within production batch samples. ETS is committed to the safety of Oklahoma's patients. We will continue to test for microbials on harvest batches and will provide that information to each license holder when applicable. Microbials on COA's will always display as complete until comprehensive regulations are promulgated by the Oklahoma State Health Department.
