

## PROFESSIONAL STAIN HYBRID BROW DYE BROW PREP AND AFTERCARE

Proper brow prep and aftercare play a crucial role in the overall outcome of the service. The correct aftercare practices will help you achieve optimal, long-lasting results.

### Brow Care Tips For Pre & Post Brow Code Treatments:

1.

Avoid using makeup and facial cleansers around the brow area 24 hours post-treatment.

2.

Avoid prolonged exposure to direct sunlight, and the use of sunbeds, saunas, steam rooms, and swimming pools for 24 hours post-treatment.

3.

Avoid exfoliating and using anti-aging products around the brow area for 72 hours before or after treatment.

4.

Avoid using any self-tanning products on the face for around two to three days on either side of the treatment.

5.

Avoid the temptation to over-touch the brow area after treatment.
