Your home  
in **one app**

## Peace of mind at your fingertips. Monitor, capture and share what is valuable to you

Nexxt Solutions is expanding its **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out of your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, cameras, bulbs and photo frames to a variety of smart switches, you can now take control and run your home devices, on your own schedule even when you are not there.

Our **smart Wi-Fi camera** is the ultimate security solution for your home. This smart camera keeps a vigilant eye on your home when you can't be there, day or night. Simply plug it into any AC outlet and connect it to your existing Wi-Fi network, no hub required. It streams live video directly to your smartphone in full 2K QHD resolution and allows two-way conversations remotely through the app. Personalized alerts will be triggered every time motion is detected. Video recording and playback is possible via a local microSD card of up to 128GB. Compatible with Google Assistant and Amazon Alexa, you can now arm the camera with your voice for that extra peace of mind when you are home alone. With this versatile, impressive-looking Wi-Fi camera, you can now see what's happening inside your home from anywhere.

## Highlights

- Features full 2K resolution for impressive image quality and color accuracy
- Real-time recording of moving objects remain sharp at a capture rate of 20fps
- See more of every moment in ultra-high definition with a 100° viewing angle
- Intelligent algorithm for human body detection minimizes false alerts
- Motion detection with an effective range of up to 32ft
- Night vision featuring six high-power infrared LEDs provide clear images even in low lighting conditions
- Supports local storage by microSD card up to 128GB\*
- Flexible mounting options: place the camera on a shelf or mount it to a wall or ceiling
- Versatile 360° rotatable stand/bracket guarantees activity monitoring from any angle
- Set up automation routines with other Nexxt Home smart devices
- Supports 7/24 video recording, so you will never miss an important moment ever again
- Cloud storage available through a subscription
- Free APP provided, support remote viewing on iOS or Android
- Easy pairing
