Two-way communication

Voice control  
Amazon Alexa or the Google Assistant enabled device required

Cloud ready

micro SD™ slot

Easy to share access

2-year warranty

Your home in **one app**

## Making home security bright –No more blind spots

Nexxt Solutions is expanding its **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out of your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, cameras, bulbs and photo frames to a variety of smart switches, you can now take control and run your home devices, on your own schedule even when you are not there.

Our **Smart mini-floodlight Wi-Fi camera** is the ultimate security solution for your home or business. Built for the outdoors, it keeps a vigilant eye of your areas of interest when you can't be there, day or night, all-year round. This device makes a great upgrade for replacing conventional floodlights, which also has the advantage of connecting to your existing Wi-Fi- network directly, *no hub required*. It streams live video seamlessly to your smartphone in 2K QHD resolution and allows two-way communication remotely through the app. Personalized alerts will be triggered every time motion is detected. Video recording and playback is possible through cloud storage services or a local microSD™ card of up to 128GB. With this versatile and robust Wi-Fi camera with an LED floodlight, you can now watch over every corner of your property in real time, even under the most extreme lighting and weather conditions.

## Highlights

- Motion-activated camera with a floodlight projecting a total of 1000 lumens
- Features 2K resolution for impressive image quality and color accuracy
- Cloud ready- increase the storage capacity of the camera through a subscription plan
- Motion-activated recording with push notification alerts
- Intelligent algorithm for human body detection minimizes false alerts
- Built-in 90dB siren, works as an effective intruder deterrent
- Weatherproof IP rating of 65, for optimal protection and reliable performance all year round
- Supports local storage through a microSD™ card of up to 128GB\*
- Dusk to dawn automation: never forget to turn the floodlight on or off
- 24/7 video recording capability
- Free app provided, for camera, lights and siren control
- Supports remote viewing on iOS or Android™
- IR LEDs for night vision up to 33ft away

\* Smartphone and microSD™ card not included

## Technical specifications

<b>MPN</b>	NHC-F410
<b>General</b>	
Resolution	2K QHD (2304x1296p) 3MP
High Dynamic Range	Included
Image sensor	1/2.8-inch color CMOS
Lens type	4mm fixed
Viewing angle	100 degrees
Video compression	H.265
Audio compression	G.711
Two-way audio	Built-in microphone and speaker
Reset button	Included
Frame rate	20fps
IR mode	LED lights with IR cut filter for auto switch
Still image capture	Included
Motion detection range	Up to 32.8ft
Night vision	Up to 32.8ft
Local memory slot	Supports a microSD™ card of up to 128GB
Cloud ready	Yes
Security light brightness	1000 lumens
Built-in siren	90dB
Wireless frequency	IEEE 802.11N, 2.4GHz (not compatible with 5GHz Wi-Fi networks)
Video features	Motion detection, human body filtering, zone activity monitoring with surveillance area setting
Weatherproof rating	IP65
<b>Power</b>	
Input power	100-240VAC at 50/60Hz
Power consumption of light only	6W
Power consumption of device	12.5W
<b>Physical appearance</b>	
Dimensions (camera only)	7.3x2.2x1.8In
Dimensions with bracket	7.3x2.2x4.3In
Weight	0.55lb
Cord length	USB cable of 8.2ft
Housing	Plastic
Color	White
<b>Environment</b>	
Operating temperature	14°F - 122°F
Storage temperature	-4°F - 140°F
Relative humidity	< 95% non-condensing
<b>Additional information</b>	
System requirements	<ul style="list-style-type: none"><li>• Mobile device running iOS 8 or higher, Android 8.0 or higher</li><li>• Nexxt Home app</li><li>• Existing 2.4GHz Wi-Fi network</li><li>• No hub required</li></ul>
Special features	Motion detection alarm, light control, create scenes with other Nexxt Home devices
