

# Smart Wi-Fi wall power outlet

with USB port

## A smarter version of the average outlet

Nexxt Solutions introduces its new **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out of your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, cameras, bulbs and photo frames to security kits, you can now take control and run your home devices, on your own schedule even when you are not there.

The **Smart Wi-Fi power outlet from Nexxt Solutions** offers a world of possibilities to automate your home. Conceived to replace any existing AC wall receptacle, this innovative power outlet can be easily installed and integrated into your wireless network, *no hub required*. Remotely control lamps, appliances and electronics using a smartphone, from anywhere through the app. Versatile and convenient, users can save money by limiting the consumption of energy-hungry appliances that are plugged into it. Creating customized schedules or setting up timers to turn the smart outlet on and off is also a snap, so you will never have to worry about leaving the toaster or the iron on ever again. Its voice activation feature makes it compatible with Google Assistant and Amazon Alexa for hands-free management of all linked devices. You can have peace of mind by checking the real-time status of any appliance at any time, save energy by running your house on your schedule while providing a higher sense of security by making it appear that you are home even though you are halfway around the world.

## Highlights

- **Smart in-wall outlet**, featuring two AC sockets and one USB port
- **Wi-Fi enabled**: sockets can be independently or simultaneously controlled right from your iOS or Android device
- **Safe and simple operation**: lock usage manually using the on/off buttons located on the front of the unit
- **Convenient**: easily monitor the operation status of connected devices in real time
- **Versatile**: ideal for applications throughout the home and commercial environments
- **Voice activated**: use your favorite virtual assistant to manage the device totally hands-free
- Fits in a standard outlet wall box, electrical wiring required
- Made of fire-retardant material and high-quality circuitry
- Nexxt Solutions Home app
- Tamper resistant
- Works anywhere. No hub required
- Easy pairing
- Create schedules
- Multiple programmable timers
- Share access

Smart HOME. Smart living

# Smart Wi-Fi wall power outlet

with USB port

## Technical specifications

<b>MPN</b>	NHE-W100
<b>Input</b>	
Nominal voltage	110-240V
Frequency	50/60Hz
Amperage	15A
Rated power	Single outlet: 1500W Total: 2500W
Wireless frequency	IEEE 802.11N, 2.4GHz (not compatible with 5GHz Wi-Fi networks)
<b>Output</b>	
Nominal voltage	110-240V
Frequency	50/60Hz
USB port	5V/2.1A
<b>Physical features</b>	
Dimensions (LxWxH)	4.9x1.3x3.15in
Housing	Fire-retardant plastic
Color	White
Weight	6.34oz
<b>Environment</b>	
Operating temperature	-4°~16°F
Storage temperature	-4°~16°F
