

In-Home Consultation Service

Design Concept and Planning

Let's have a talk. The design concept of your home comes up from every little thought you could have and our participation, so we can tailor made the project for you.

Site measurement, reference photos of design scheme, layout plan are part of the process.

Design Development

Our design consultants will shape your dream home step by step.

An entire design & décor project will be presented to you with the products, materials, and textures selected.

A 3D rendering is available for large projects.

Deliver your Dream Home

The great moment has come! Our delivery team will install each furniture and décor piece under the supervision of our professionals: furniture, rugs, lamps, wallpapers, décor, and every item you have selected to create your contemporary space. Yet, our job is not finished, not until we see your happy face with satisfaction.
