- ✓ Extra holes for extra holding strength when needed
- ✓ Custom lengths available and short lead time (MOQ 2,500 lf)
- ✓ Patent Pending Protection
- ✓ Fits all industry standard logistic E-Track accessories

STANDARD E-TRACK

- Typically made in China
- Same direction slots only
- Difficult time wasting installation
 1. Lengths often don't fit all applications
 2. More cutting and more waste
 3. Does not line up with all wall studs
 4. Requires extra screw hole drilling
- Import grade steel with less durable finishes
- Unreliable strength ratings
