OS Giken

OS Giken TY031-BF62 - TR2CD for 1JZ/2JZ w/ Nissan 24 Spline Hub **700 lb-ft** (950 Nm)

OS Giken TY031-CH52 - R3C for 1JZ/2JZ w/ Nissan 24 Spline Floating Hub **900 lb-ft** (1220 Nm)

We use a “step type” flywheel. If you are using a clutch not on this list, be sure that the one you have selected is meant for a step type mount.

For other combinations please email with your inquiry to [*info@fischracingtech.com*](mailto:info@fischracingtech.com)
