

Pilarch

TS0001-21-TL-RJ

Dimensions	53x53x58mm
Weight	220g
Material	Jesmonite
Finish	 Ts-Rj
Country of origin	England
Year of Design	2021

#### Description

The Pilarch tea light holder was designed by product designer Kwaku R. Boateng also Riich Boateng. It has a Cubist Early-20th-Century Avant-garde Style, its sculptured form embodies the chiselling and hammering of stone sculpture, noticeable by the emerging pillar from the gradual stone cutaway. The Pilarch tea light holder is inspired by the architecture found around the Roman Baths in the city of Bath, Somerset, England.
